Singer/Songwriter—**TRAVIS SMITH** grew up in **Bangs, TX**....went to college at **Tarleton State University**, and now lives in **Waxahachie, Tx**. After a Career in the **ARMY**, he traded his **M4** for an acoustic guitar and quickly became an in -demand performer in the DFW area. With a full catalog of original music at his disposal, no one was surprised when he was invited to play at the **TMR Music Festival in Luckenbach** in both 2018 and 2019.

After hearing Travis and his full band **0:DARK:30**... (a Salute to his fellow Military Brethren) at the most recent **Texas Music Reunion** TexasOutside.Com wrote :

*“....and we enjoyed them all, but **Travis Smith**, **The Hamiltons**, and **Bullet Creek** were our run-away favorites - don't miss an opportunity to listen to them! “*

BURNING DAYLIGHT from the EP “**DRIVEN**” is a Fun, Fast Paced snapshot of a young man learning to take advantage of every minute that life offers.
