

When you and 15 of our friends set foot aboard the 48-passenger Celebrity Xpedition in the Galapagos Islands, be prepared for an experience like no other. Filled with indulgences, including room service, in-suite dining, two excursions per day, complimentary beverages, a fitness room, nightly lectures by certified naturalists from the Galapagos National Park (who are on board during your entire vacation), and live music in the Discovery Lounge, you'll experience the Galapagos Islands with style.

December 12-21, 2024
