

Wenatchee Rescue Mission Newsletter **Easter 2024** **He is Risen!**

Imagine being at Jesus's tomb when it was found empty. **Luke 24** says,

1 On the first day of the week, very early in the morning, the women took the spices they had prepared and went to the tomb. **2** They found the stone rolled away from the tomb, **3** but when they entered, they did not find the body of the Lord Jesus. **4** While they were wondering about this, suddenly two men in clothes that gleamed like lightning stood beside them. **5** In their fright the women bowed down with their faces to the ground, but the men said to them, "why do you look for the living among the dead? **6** He is not here; he has risen! Remember how he told you, while he was still with you in Galilee."

Talk about a sense of hope and renewal! Jesus' resurrection represents the renewal of our spirit and redemption from sin, for everyone who is ready to give up their old lives and follow Jesus. His resurrection is the ultimate triumph of life over death and the promise of eternal life. What a powerful reminder of the beauty of transformation. Jesus has always intentionally interacted with individuals who were homeless, those with illness, those who were alone and vulnerable, and those experiencing poverty. He has consistently demonstrated concern for life and made a way for deliverance from sin. Wenatchee Rescue Mission is also intentionally involved with these same people, offering prayer, sharing the gospel, rescuing the most vulnerable individuals, offering intervention, and pointing the way to make new paths, all of which lead to life transformation. We are blessed to see this transformation daily at Wenatchee Rescue Mission. Wenatchee Rescue Mission wishes you and your family a Happy Easter!

Update on sewer pump replacement

Our generous donors contributed \$26,500 towards buying 2 new pumps. Right now we are functioning on one rebuilt pump with faith it will hold as long as needed. The initial estimate for replacement was \$70,000 but we are still waiting on competitive bids to include 2 new pumps, 1 electrical panel and labor for install. Donations and prayers over this matter are still needed.

Huge thank you to The "Interact Club" which is a student division of the Rotary Club of Wenatchee. Students and advisors have been serving dinner to our community weekly since January with smiling faces and hearts for service. What awesome future leaders in the making. This is such an easy way to let our community know you care for them.

to update. We will not sell or share your email. This will simply help us move closer to providing an email newsletter and email updates in the future instead of sending expensive paper mail for those of you willing to make the switch. Thank you for considering this change.

Tiny Shelter Update

Construction and engineering efforts have resumed as of the first week of March. All work was on hold due to the very saturated ground. We are hoping to have all tiny homes completed by June. Many of you have reached out to offer help with preparing for the opening. Unfortunately, we cannot accept physical help with the construction due to contracts. When its time to open, we will need help with setting shelters up for clients.

We would like to clarify how occupancy will be considered for tiny shelters. Tiny shelters are intended for unhoused and unsheltered individuals and couples. Service animals will also be allowed. People already housed or in shelter will not qualify.

Please keep an eye out for our "open house" event coming soon inviting the public to see the tiny shelters up close as well as the Wenatchee Rescue Mission.
