

Sports Physical Requirements

As part of our move toward becoming either an official Reno High School club or sanctioned sport High Sierra Huskies lacrosse is now requiring all players to have a current sports physical on file for the 2019 season. Sports physicals are good for two years from the date of the examination.

NOTE: If you have a current sports physical on file with WCSD you must provide a copy of it to the Huskies Lacrosse Program by the start of the first official season practice in order to participate.

You may obtain a sports physical from a physician of your choosing. Sports physical forms can be printed from the WCSD website at washoeschools.net.
