Orientation & Training

Always prioritize proper training and orientation for all employees to equip them with the knowledge and skills necessary to perform their tasks safely.

01

Safety Inspections

Regularly inspect and maintain machinery, equipment, and safety devices to ensure they are in optimal working condition and comply with safety standards.

02

Safety Culture

Promote a culture of safety by encouraging employees to report hazards, near-miss incidents, and safety concerns without fear of reprisal.

03

Personal Protective Equipment

Provide and enforce the use of personal protective equipment (PPE) such as helmets, goggles, gloves, and masks, where appropriate, to safeguard against potential workplace hazards.
