Message from the Pastor: As the Lead Pastor I am leading our congregation through some minor changes. The Lord has blessed Emmanuel through the years, and while we have a great foundation from years past, we are building on that foundation with many willing volunteers to shape Emmanuel for the future. We have a large number of excited and willing volunteers.

The church is looking for a team of men for their pastoral staff who will help them take the good things they already do and make them great. They will plan and pursue new ways to grow their congregation and disciple new believers. Emmanuel not only wants to be a church that supports missions, but one that sends out missionaries, and plants new churches both locally and abroad.
