Dear Oak Creek Residents,

I hope you and yours are healthy and safe as we continue to battle through the challenges of COVID-19. It was a sign of reassurance when we received the “green light” to open the tennis courts and just recently the pools, although under very stringent guidelines set by Santa Clara County. Our emphasis is on the safety and wellbeing of our residents and the staff of Oak Creek. The club staff is doing their best to manage the pool reservations as smoothly and efficiently as possible. Our effort to implement “Active Building”, a platform to reserve reservations on-line was not the success that we had hoped for, but not to fear since we have reverted back to the “Welcome Home” portal. We are currently working on a new reservation system that we will hopefully be rolling out soon. We will keep you posted. In the interim, please call the club at 650-384-4716 to book a pool reservation or by email at [OCA-poolreservations@gb-a.com](mailto:OCA-poolreservations@gb-a.com).

As you know, masks are very important right now. There have been many concerns about people not wearing masks inside the buildings. Please do your part to keep yourself and your neighbors safe by wearing a mask inside the common areas of the building, including stairwells, hallways, lobbies and laundry rooms. Thank you for your cooperation!

Communication is very important during this time. I want to make sure that we are reaching all our residents when we send out information by email blast. Please contact the Administration at 650-327-1600 to confirm that you are part of the email distribution list. If you are not on our list you might miss out on important information.

The Oak Creek team continues to work hard to make sure that we take good care of the property and good care of our residents. We are here for you!

Sincerely,  
*Suzanne Landers*

## San Francisquito Creek

Standing in my balcony, became intoxicated by the cool breeze  
Bringing a sweet smelling fragrance while combing the eucalyptus trees  
Taking my existence along the San Francisquito creek in Jasper Ridge  
Presenting its rich history with natural beauty building a bridge!

I hear trout talks of Ohlone tribe sitting on circularly arranged stones  
Under the colorful canopy of buckeyes, weeping willows and oaks  
Trace the hoof steps on creek sand made by the explorer Portola's horse  
Up to tall El Palo Alto redwood, missionary Juan Crespi stayed on course  
Can listen a Sunday sermon by a priest from a distant mission Dolores  
With prayers and chants sung in harmony by Spanish youth in chorus!

I see the goldfields full of Checker point with Sara orange tip butterflies  
Enjoying the beauty of Lilanthus and California poppies at sunrise  
A black tailed deer quenches its thirst in the Searville Lake  
Where Mallards and ring necked ducks swim at the daybreak  
A rabbit gaze at the rattlesnake from the patch of Mariposa Lily  
Over the green meadows redwing blackbirds and blue birds fly joyfully!

Happy to enjoy the Mother Nature spread her beauty boundlessly  
And be grateful to the Stanford Academicians preserve it systematically!
