If over 14 in. swell, \$6.00 extra.

With our new and fully equipped tree shop in operation right here in connection with our saddle factory, we are now in a position to give you the best possible service in the way of special made to order trees. We realize that if there is one thing the average rider is particular about, it is his tree; almost every man having ideas of his own. We all know that a made to order article of any kind is better made and of better material than a ready made factory article and brings a better price. Here is where we save you money by cutting out the middleman's profits, and give you a custom made job for the same price or less than you pay a dealer for a factory ready made one. You cannot get this from any concern that is compelled to buy the ready made factory trees.

## No. 11

PRICE \$180.00

LESS SILVER CORNERS \$145.00

LESS SILVER CORNERS AND CONCHAS \$125.00

**C**OGSHALL'S IMPROVED MONTANA TREE.  
Made with high, low or medium horn; seat, side jockeys and cantle one piece; cantle bound with

fancy turned binding;  $3\frac{1}{8}$  inch stirrup leathers; skirts 30x16 inches, lined with bark tanned wool skins; three-quarter rig; made Spanish, double or center fire rig if preferred; rope strap on off side, weight, about 39 pounds.

Trimmed with silver ornaments in corners of skirts and front and back housings, engraved to match flower design of saddle; 8 silver conchas, No. 12 stirrups, stamped to match saddle and ornamented with silver spots. The stamping is of the most exquisite design and is bound to please the most exacting. The workmanship and the detail of perfection and finish as shown in this saddle are distinctive and characteristic of our most skilled mechanics. The selection of stock is of the highest grade—the very best the Eberhard tanneries can produce. Also built on any of the following Cogshall's Improved Trees: Taylor, Visalia, Ladesma, Nelson, Portland, Imperial or Powder River.  
Leather pockets to match \$12.00.

"Common Sense" Rigging Rings, shown on page 95, used when ordered with Spanish, three-quarter or center fire rig.  
For further particulars, terms, etc., see pages 10 to 21.
