

SECURE DOG

By: Juliana Hernandez

OUR COMPANY

- **we were established over 5 years ago (2019)**
- **I wanted to become a veterinarian which led me to get summer jobs in Animal clinics**
 - **I have an understanding of dog behavior**
- **My business partner is experience with K-9 Corps**
 - **He oversees the dog handling**
- **Our dogs are selected for their natural courage, strength, and Size**

How Secure Dog Works & Why It's Beneficial

- **Evening Setup:** We will deliver trained guard dogs to patrol the facility overnight.
- **Overnight Security:** The dogs use their instincts to detect and respond to security threats.
- **Morning Retrieval and Care:** The dogs are picked up, rested, and prepared for the next night's duties.
- **Enhanced Security:** Trained guard dogs deter break-ins and vandalism, reducing incidents by up to 95%.
- **Lower Insurance Costs:** Clients often see a 20–25% reduction in insurance premiums with Secure Dog services.
- **Customizable Protection:** Select from various dog breeds to match specific security needs, from aggressive deterrence to alert-only options.
- **Professional Handling and Care:** Dogs are expertly trained and managed by experienced handlers, ensuring reliable service and minimized liability.
