Dear **HARBOUR PLACE** Owner:

Please review this [2025 Proposed Budget Packet for Waters Landing Association](#). It includes both the General Operating Budget and your individual *neighborhood's operating expenses*. This proposed new budget for next year is complete and there will be no increase in your monthly assessment. Your 2025 monthly fee will remain at **\$114.00**.

You have 30 days from the date of this letter to examine this budget and to bring any questions to our attention. Following this 30-day review period by the community, the Board of Directors will approve this 2025 budget at a special budget meeting on Thursday November 7, 2024. You may bring your questions and comments to us at the Management Office either by phone (301) 972-3681 or email to [www.wla@waterslanding.org](mailto:www.wla@waterslanding.org) or visit us in person at the Community Center 20000 Father Hurley Blvd. Germantown MD. 20874.

Additionally, we are hosting a casual gathering to answer your questions in-person on Thursday October 10th at our Community Center, from 4pm to 7pm. General Manager, Don Perper and the Board Treasurers will be present for your questions and comments. All are welcome.

As you review this packet of information, please note the General Operating portion includes the cost of services for all residents of Water Landing. This includes management payroll, landscaping, trash removal, pools and recreational areas, grounds maintenance, etc. The individual neighborhood portion includes only the expenses of your community. Your monthly fee covers your portion of both your neighborhood's costs and the general costs. In our single-family neighborhoods, sidewalks, roadway maintenance and snow removal are performed by Montgomery County. Additionally, all owners in Waters Landing contribute annually to the Lake Churchill Foundation which owns and maintains Lake Churchill and its surrounding paths.

Waters Landing management and Board of Directors are proud of this new proposed budget which supports the ongoing efforts to improve our community while staying financially responsible. We are working hard to keep Waters Landing a great place to live and protect our property values. Underway are projects that are reinforcing our infrastructure and include improvements to our Community Center, ground maintenance and roadways. Other enhancements include our pools, tot lots and recreational areas.

Together our primary focus has been rebuilding a sense of community among all residents. With the support of our committee volunteers Waters Landing has a growing number of community events and many more opportunities for all residents to become more involved. Watch for information and announcements on our Waters Landing website, [www.waterslanding.org](http://www.waterslanding.org).

Estimado **HARBOUR PLACE** propietario:

Al revisar este paquete de información, tenga en cuenta la Parte operativa general incluye el costo de los servicios para todos los residentes de Water Landing. Esto incluye el sueldo de administración, trabajos de jardenería, la recogida de basura, las piscinas y las zonas recreativas, el mantenimiento de las terrenos, etc. La porción individual del vecindario incluye solo los gastos de su comunidad. Su cuota mensual cubre su parte de los costos de su vecindario y los costos generales. En nuestros vecindarios de casas, el condado de Montgomery realiza el mantenimiento de aceras, las carreteras y la remoción de nieve. Además, todos los propietarios de Waters Landing contribuyen anualmente a la Fundación del Lake Churchill, que posee y mantiene Lake Churchill y sus caminos alrededor.

La gerencia administrativa y la Junta Directiva de Waters Landing se enorgullecen de este nuevo presupuesto propuesto que apoya los esfuerzos continuos para mejorar nuestra comunidad mientras se mantiene financieramente responsable. Estamos trabajando arduamente para mantener a Waters Landing como un excelente lugar para vivir y proteger los valores de nuestras propiedades. Hay proyectos en marcha que están reforzando nuestra infraestructura e incluyen mejoras a nuestro Centro Comunitario, mantenimiento de terrenos y carreteras. Otras mejoras incluyen nuestras piscinas, parques de recreo y áreas recreativas.
