COMPANY OVERVIEW

01

VISION

Our aim is to act as an indispensable partner to our clients by helping them build and maximize sustainable competitive advantages. We do this by helping them get their products to market quickly, efficiently, and safely. In addition to our expertly crafted and reliably delivered logistics solutions, our clients can rest assured that every interaction will be driven by integrity and respect, the fundamental principles of our business.

COMPANY OVERVIEW

MISSION

Our mission is to deliver a positive, reliable experience to each and every one of our clients while offering exceptional value in the marketplace and setting the standard for professionalism in the logistic solutions we provide. In addition to operating our business profitably, we strive to operate it responsibly both for our clients and our team member, for whom our goal is to provide a safe and secure work environment.

02

GLOBAL SUPPLY CHAIN MANAGEMENT

BASED ON OUR CUSTOMERS REVIEW

Our goal is to provide our clients with the most reliable, cost efficient and professional supply chain management solutions in the industry. Our experienced and knowledgeable team strives to consistently improve your organizations service levels by building efficiencies, identifying gaps and decreasing your bottom line. With our robust experience in the industry, we understand the key in today's competitive market is developing and implementing custom tailored solutions that are unique to our clients' strategic goals.

Supply Chain Management

Our success is measured by maintaining the highest level of service, constantly testing the market to ensure price competitiveness and fostering our long-term relationships with not only our clients but our carrier partners as well.

Our team is accessible 24 hours a day, 7 days a week, 365 days a year because we realize the importance of our customer's freight and what it takes to set us apart from competitors.

As a non-asset based organization with access to a significant pool of carrier partners, we can focus on our customers instead of worrying about maintaining our own infrastructure. We specialize in point-to-point transportation and warehousing throughout the states of india . Whether it is LTL, TL or intermodal.

03

STRONG RELATIONSHIPS

BASED ON OUR CUSTOMERS REVIEW

Relationships are at the heart of all success, and we understand how important it is to develop strong ones across all areas of our business, from our employees to our customers, our partners, and our suppliers.

AGILITY AND RESPONSIVENESS

Our company is young, and we're proud of it. We are agile, open-minded, and enthusiastic about innovation, and we count those qualities among the key strengths that make us so effective at providing our clients with the logistical solutions they need. By minimizing reporting layers and bureaucracy, we can provide the fastest, most effective communication possible.

POSITIVE IMPACT ON CUSTOMER SUCCESS

We understand the impact that our logistics solutions have on our customers' businesses, and we take pride in knowing that we're a positive driver of their success.

TRUST

Trust is everything, and we know how precious and how potentially fragile it is. As a result, every action we take is geared towards building and strengthening the trust our clients put in us. That means offering client-centric service, and never failing to deliver on our promises. We believe the best way to maintain our clients' trust is to exceed their expectations in every single interaction.

05

TRUCKLOAD

Marutilogistics truckload service stands above the competition because of the size of our carrier network and our ability to maximize supply chain efficiencies by keeping our customers constantly informed of their shipment's location and status. Companies that partner with us can be confident that their shipments will be handled by only the most professional carriers, and will arrive on time and intact.

FLATBED

Sometimes freight just won't fit inside an enclosed trailer, and in those instances, Marutilogistics offers flatbed services to get our clients' irregularly sized shipments delivered. At Marutilogistics, our expert staff always ensure that we provide our clients with the best flatbed option for their shipment, maximizing the safety of their freight while minimizing the shipping cost.

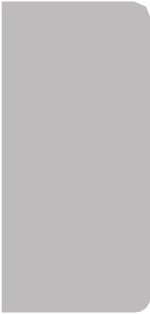

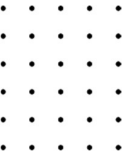

LESS-THAN-LOAD (LTL)

Our LTL service is designed to make it as easy as possible for our customers to send all of their smaller shipments that make up the bulk of many companies' shipping volume. Marutilogistics's LTL customers can price, book, and track their shipments online, making our LTL service simple, cost-effective, and highly reliable.

TEMPERATURE CONTROLLED

Marutilogistics provides refrigerated trucking for shipments that are temperature sensitive. Our temperature-controlled trailer options are specially designed to ensure that our clients' shipments arrive at their location unspoiled and intact.
