## ABOUT US

Spiritual Intervention Ministries (SIM) was founded by Elizabeth Lou in 2019 when she witnessed many displaced new Americans and immigrants struggle with trauma, cultural shock, and loneliness. She has since made it her mission to bring the message and healing of Christ to the children of God through social, emotional, and spiritual support.

Spiritual Intervention Ministries (SIM) is a 501(c)3 nonprofit organization dedicated to helping new Americans across the nation to navigate the complexities of identity and personal hardship through a holistic and spiritual approach. Ultimately, SIM aims to build Christian community in the neighborhood and across the nation that is tied with love, understanding, and extending a helping hand.

Be the best version  
of yourself by  
doing the  
Lord's work.
