SPRING SPECIALS

*Fixed rate APRs start at 6.99%, which assumes excellent credit and enrollment in monthly autopay. Actual APR may be higher for approved applicants. Subject to credit approval.

** Promo Plan - No Interest (if paid in full): The Promotional Period ("Promo") begins when your Provider is funded. Interest is charged during the Promotional Period, but will be waived if the purchase balance is paid in full before the end of the Promotional Period. The Suggested Payment amount estimates the equal payments you will need to make (above the minimum required payment) to pay the total purchase balance in full before the end of the Promotional Period. Making minimum monthly payments will not pay off the entire purchase balance before the end of the Promotional Period. Minimum monthly payments are required.

If you do not pay off the balance of your loan within the promotional period, your loan will be amortized based on your remaining loan balance with the fixed APR disclosed in your loan agreement. Interest charges accrued during the Promotional Period will not be waived if the total purchase balance is not paid in full within the Promotional Period. If you only make the minimum monthly loan payments, here is what your estimated monthly payments would look like for each loan scenario:

Principal Amount: \$1,575

- **3 Month Promo:** estimated monthly payments of \$35.44 for first 3 months and then 33 monthly payments of \$49.94 at 6.99% APR
