To show my appreciation for sharing the Hat Not Hate journey with us I dedicate my first hat pattern to Shira and the HNH crew! You are all an inspiration. Your strength and courage are ones that dreams are made of!
THANK YOU!
#HATNOTHATE #BLUEWARRIOR #SHIRAROARS #LIONBRANDYARN

In 2020, when world events postponed the delivery of over 32,ooo blue hats I made a commitment to myself to make 100 blue hats for 2021. October 2020 I began a call to arms to my fellow creators and started #bluehatsforjax. Each month creators would hashtag pics of their blue hat makes. At the end of the month I put all the entries on a prize wheel and select someone to receive a gift. A few months ago I started giving a shipping blessing as well. July 2021 will be the finale for my challenges. At the time of writing this pattern my challenges created 488 hats. I am overjoyed!

Stitches used:
ch- chain
slst- slip stitch
dc- double
fpdc- front post double
blhdc- back loop half double

Ddc- drop double. Dc in the front loop of the hdc from the round before

sc2tog- single 2 together. Insert hook draw up loop insert hook into next stitch draw up another loop draw through 3 to close. Begin each stitch sequence in the same stitch as just completed. Should not cause a decrease.

I used a 4 weight and an I hook for a loose large adult size.
If you want a snugger beanie use an H hook
