

## Company Overview

Founded on May 11, 2015, **L. Clarke Electric, LLC (LCE)** began as an electrical contracting firm specializing in residential projects. Over time, **LCE** expanded into the commercial sector, building a reputation for quality and reliability. Today, commercial projects represent a smaller portion of the company's portfolio, as **LCE** has pivoted to focus on government contracts, where it now dedicates a majority of its resources and expertise. With extensive experience and a commitment to delivering safe, compliant, and innovative electrical solutions, **LCE** stands as a trusted provider within the government sector.

## Core Competencies

- Electrical Repair & Maintenance
- Solar System Consulting & Installation
- Electrical System Design & Documentation
- Project Management for Municipal Contracts

## Differentiators

**Extensive Government and Municipal Experience:** A strong focus on government and municipal projects has broadened our scope of work while reducing competition, enabling us to provide specialized expertise in regulated environments.

**Master Licensed Leadership:** Led by a president holding a master license, allowing for efficient permit acquisition and seamless project execution from planning through completion.

**Comprehensive Certifications:** Certified by MDOT and recognized as an MBE, DBE, SBE, and VSBE, enhancing eligibility for diverse government and municipal contracts.

**Regional Licensing and Bonding:** Fully licensed and bonded in Virginia (VA), Washington, D.C. (DC), and Maryland (MD), providing clients with security and assurance across multiple jurisdictions.
