**Antique Toy and  
 Firehouse Museum**

## Sharing Joy for over 50 years – Help us Continue our Mission

Founded by local community leader, Jimmie Dobson, the Antique Toy and Firehouse Museum is home to a collection of toys and firefighting objects that continue to amaze children of all ages. We house -

- The World’s largest Fire Engine, the FDNY Super Pumper
- More than 12,000 Model Toy Cars & Trucks
- Fire Apparatus & Collectibles dating back to 1824

2020 has brought a lot of change to our lives, including a reminder that we need to be intentional to thank our First Responders. 2020 has also highlighted the need to make significant improvements, including -

- Expanding our Volunteer network and online presence
- Restoring several fire apparatuses (including our 1922 Model T) for use in future outdoor events
- Start the remodeling the recently purchased Bay City Fire Station #3 on Washington Avenue to serve as our (future) principle location for public displays

We need your help! The museum is supported through the generosity of volunteers and donors like you. Annual Membership Benefits include -

- Free Admission to the Fire Museum and copy of our Annual Newsletter
- Satisfaction of knowing that your contribution is helping to safeguard a local Mid-Michigan treasure that is preserving one of the premier collections of American Firefighting apparatus in the country

Partner with us by becoming a member today!
