

Management Of Organic Dairy Youngstock

WE NEED YOU!

We are recruiting participants for survey on management practices of calves and heifers on organic dairy operations

Who can participate:

Organic dairy producers who manage youngstock

Your voice matters!

Your insights will be combined with current on-farm sampling to help identify key factors that influence calf and heifer health on organic operations

About the survey:

- Your responses will remain **anonymous**
- Approx. 45 to 60 mins to complete
- Focused around management practice in calves, heifers, and lactating herd
- **Monetary Incentive**

Want to be emailed a link for the survey later?
