

White Oak Landing HOA

Newsletter

Spring 2025

Safety First!

Please maintain a safe speed throughout our community. YOUR SPEEDING WILL RESULT IN MORE SPEED BUMPS! Be mindful of your speed throughout our community.

Parents, please also reinforce with your children the importance of being safe and aware when on the road.

Septic Review

Your HOA BOD has met with our septic contractor. All fields have surpassed their anticipated lifespans, and one field needs a significant overhaul. Please stay aware of official communications as we learn what this means for WOL homeowners.

Community!

Remember we are all a part of making WOL a safe and beautiful place to live. You can help by being considerate of other community members by watching your speed, cleaning up after your pets, and helping your neighbors!
