Panther Pledge fundraising — year-over-year

Cumulative amount raised by days since the first reported fundraising update. 2026–27 is through September 6.

2025–26 reached nearly \$25K by Sept. 30; 2024–25 reached \$29K by Sept. 24.

The standout comparison right now: **2026–27 is at \$12,811**, versus **\$12,700** at roughly the same stage last year. So you're essentially tracking just ahead of 2025–26, while **2024–25 was the exceptional year**, already hitting \$20K around this point.
