OUR STORY

In early 2020, Jeff and Lisa started selling BBQ sauce at a local farmers market to support a non-profit in need, using Jeff's mom's beloved recipe. Determined to make a difference, they scaled up the recipe in their kitchen, pouring their heart and soul into the endeavor.

From the outset, Family and Friends played a crucial role. They assisted with taste tests, packaging, professional product photos, and selling at the market. Their collective efforts helped the original BBQ sauce quickly gain significant demand.

As the sauce grew in popularity, Jeff and Lisa expanded their product line, developing a sweet and spicy version and BBQ rub recipes. The business gained traction, leading to catering requests from close Friends and Family. Loved ones continued to support them at events, ensuring everything ran smoothly and offering ongoing encouragement.

Inspired by their success and the encouragement of Family and Friends, Jeff and Lisa seized an opportunity in late 2023 to open Grill Country Texas BBQ when a restaurant space became available in Copperas Cove. Family and Friends were instrumental in this transition, helping with renovations, promoting the grand opening, and providing valuable support every step of the way.

Now, Jeff and Lisa serve mouth-watering BBQ, remaining committed to giving back to the local community. They donate gift certificates for charity raffles, raise money for school programs, and support veteran causes. Their Family and Friends remain deeply involved, volunteering at community events, contributing to charitable initiatives, and offering continuous support.

The sauces and rubs that started it all remain a hallmark of Grill Country Texas BBQ, symbolizing Jeff and Lisa's dedication to quality and flavor. Grill Country Texas BBQ is more than just a restaurant; it's a testament to Jeff and Lisa's unwavering commitment to their community and their passion for great BBQ, bolstered by the steadfast support of their Family and Friends.
