

An illustration of space with a rocket, planets, and an astronaut. The rocket is white with red fins and a red nose cone, flying towards the right. It has a circular window with a red and white striped planet inside. To the left is a large orange planet with red bands. Above it is a smaller orange planet. To the right is a blue and green Earth-like planet. Further right is a red planet with a ring. In the foreground on the right is a blue planet. An astronaut in a white suit with a blue visor and a grey chest pack stands on the right, holding a red flag on a pole. The background is a dark blue space filled with white stars and small planets.

SPACE WEEK

August 9-13 | 9:00am-4:00pm
