

CENTRAL WISCONSIN LUTHERAN SCHOOLS

PURPOSE

At CWLS, we're committed to giving your child the strongest possible education by ensuring our curriculum is current, engaging, and aligned with the latest educational research. We coordinate with our federation high schools — Lakeside Lutheran and Luther Prep — to ensure a seamless transition and that students are well-prepared for high school success.

WHAT THIS MEANS FOR YOUR FAMILY

When our teachers collaborate on curriculum and instruction, your child benefits from:

- Consistent quality across all CWLS schools
- Engaging, modern lessons that connect to real-world learning
- Teachers working together to support different learning styles
- Curriculum grounded in proven educational research

CURRICULUM ROTATION

2025–2026 Focus: *English Language Arts* — Our ELA study has been completed, and new materials are now being implemented across CWLS classrooms. Families will see some changes to reading and writing instruction supported by collaborative learning experiences for students and professional growth for teachers, with a special focus on writing.

2026–2027 Design Team Focus: *Math* — As this work takes root in ELA, we also turn our attention to a study around math to strengthen students' mathematical thinking, reasoning, and ability to solve problems using effective strategies and mathematical practices.

CONTRIBUTING MEMBERS

MEREDITH PUCCI

Meredith Pucci is the **Curriculum Director** at Central Wisconsin Lutheran Schools. She holds degrees from UW–Madison and Concordia University, along with ministry certification from Martin Luther College. Since 2006, she has served in WELS and public schools as a teacher, instructional coach, principal, reading interventionist, and curriculum leader. Today, she partners with schools to support teachers and strengthen high-quality, student-centered instruction.
