

# SUMMER CAMP

## 2021

Join us for a fun-filled summer where school-aged children (kindergarten graduates through 5<sup>th</sup> graders) will engage in LOTS of interactive activities – art, music, science, animals, cooking, sports, and games. We'll have Bible Club, take field trips, and enjoy the ice cream truck! (See the calendar for a the activity schedule).

Isle of Faith Summer Camp offers a comfortable “family feel” environment with a smaller camp size. Two snacks and a hot lunch is provided daily.

Your family choses which weeks to attend – whether one week or all nine weeks. The cost is \$200 / week attended plus a one-time registration fee of \$50.

Early Registration Discount. Register by April 15, 2021 and receive a \$50 credit towards your first week's rate.

## What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Center for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

## How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

For additional information, please visit  
[www.myflorida.com/childcare](http://www.myflorida.com/childcare) or contact your  
local licensing office below:

CF/PI 175-70, June 2009

This brochure was created by the Department of Children and Families.

## "The Flu" A Guide for Parents

INFLUENZA VIRUS

During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

My signature below verifies receipt of the brochure on *Influenza Virus, The Flu, A Guide to Parents*:

 Child's Name: \_\_\_\_\_  
 Date Received: \_\_\_\_\_

Please complete and return this portion of the brochure to your child care provider, in order for them to maintain it in their records.

## What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

### CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

## What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.

- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

## When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

## How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

## COVID-19

### ACKNOWLEDGMENT AND DISCLOSURE

#### PARENT

Please read and initial each statement below.

1. \_\_\_\_\_ I understand that during this COVID-19 health situation, I will NOT be permitted to enter the facility beyond the designated drop-off and pick-up area. I will wear a mask while inside the building.
2. \_\_\_\_\_ I understand that IF there is an emergency requiring me to enter the facility beyond the designated drop-off and pick-up area, I MUST wash my hands and wear a mask. While in the facility I must practice social distancing and remain 6 ft from all other people, except for my own child.
3. \_\_\_\_\_ I understand that to enter the facility premises, my child must be free from COVID-19 symptoms. If, during the day, any of the following symptoms appear my child will be removed from the classroom to rest in the office. I will be contacted, and my child MUST be picked up from the facility within 30 minutes of being notified.

Symptoms include,

- Fever of 100.4 degrees F or higher
- Dry cough
- Shortness of breath
- Chills
- Loss of taste or smell
- Sore throat
- Muscle aches

While we understand that many of these symptoms can also be related to non-COVID-19 related issues we must proceed with an abundance of caution. These symptoms typically appear 2-7 days after being infected, so please take them seriously. Your child will need to be symptom free without any medications for 72 hours before returning to the facility.

4. \_\_\_\_\_ I understand that children Kindergarten and higher must wear a mask while in our care except at mealtime or as outlined below for certain summer camp field trips.

5. \_\_\_\_\_ I understand that my child's temperature will be taken at the time of arrival and periodically throughout the day while on facility premises.
6. \_\_\_\_\_ I understand that my child will be required to wash their hands using CDC recommended handwashing procedures throughout the day. Hand Sanitizer may also be used if running water is not available.
7. \_\_\_\_\_ I will immediately notify Isle of Faith Child Development Center management if:
- a. I become aware of any person with whom my child or I have had contact exhibits any of the symptoms listed in number 3 above, is advised to quarantine, or has tested positive or is presumed positive for COVID-19.
  - b. Further, I will immediately notify Isle of Faith Child Development Center management if anyone from my place of employment is presumed positive or tests positive for COVID-19 if I have had direct contact with that person.
8. \_\_\_\_\_ I understand that while present in the facility my child will be in contact with children, families and other employees who are also at risk of community exposure. I understand that no list of restrictions, guidelines or practices will remove 100% of the risk of exposure to COVID-19 as the virus can be transmitted by persons who are asymptomatic. I understand that I play a crucial role in keeping everyone in the facility safe and reducing the risk of exposure by following the practice outlined herein. I will communicate these policies to any other people who I authorize to drop off and pick up my child.
9. \_\_\_\_\_ SUMMER CAMP STUDENTS: I understand that students will leave our facilities for field trips where social distancing may not be possible. I will supply and my child will wear a face mask except while eating, swimming, or when socially distanced from others. I understand increased risk to COVID exposure is present with these types of trips.

I, \_\_\_\_\_ certify that I have read, understand, and agree to comply with the provisions listed herein. I acknowledge that my child's attendance will be terminated if it is determined that my actions, or lack of action, unnecessarily exposes a staff person, another child, or their family member to COVID-19.
