Hi Everyone -

As you can imagine, I am extremely sad that we are not together today. Though I had many things planned, my current focus is bringing your family closer by putting God first. Last week you should have learned how Jesus was as a child and can now realize that Jesus understands your prayers for he too was human. This week we want to dare our faith to be bigger than our circumstances. Be bolder and bigger than you can possibly imagine and watch the amazing things our Lord does through us. This is a six part (daily) series that teaches us some important lessons. I have some coloring pages for you to color and look forward to spending Easter online with you.

Saved to Serve,

Tracey Babich
