Good Morning IOF Kids and Parents -

Thank you for coming to worship with us this morning. Below you will find a video on the scripture John 9:1-41. I ask our parents to watch our online worship and let the children watch the video. Then, as a family talk about what was learned and how each of you can commit to one step toward implementing this truth in your life and family unit.

There are some activity pages and crafts below; please share your activities and start a feed of hope, unity and love of God.

I have also found some valuable resources that you may want to use to help talk to your children about Covid-19.

Please reach out to me if you would like some additional content or just need help navigating this time with your children. Please be mindful that our children are looking to us on how to respond to this crisis, so if you are finding difficulty email me at tracey@iofumc.org.

Saved to serve,

Tracey Babich
