Animating Infrastructure Design Grant DESIGN

Bringing Art to the Town Green: An Animating Infrastructure Grant

- The Town Green is an underutilized community space.
- Public art will attract visitors to the newly designated Village Center.
- A \$4,000 Animating Infrastructure Design Grant funded the engagement of artists Keith Wagner and Elliott Katz.
- Community feedback shaped the sculpture design.
- Engineering Ventures will ensure technical safety and structural integrity of the sculpture.
- This project is supported by the Vermont Arts Council and the National Endowment for the Arts and in partnership with the Friends of the Union Meeting, the Ferrisburgh Town Center Committee, and the Town of Ferrisburgh.

The Historic Union Meeting Hall, overlooking the Town Green, welcoming the community during the Taste of Summer event.
