Essential Oil of Eucalyptus –All Natural Multi Purpose Blend

Our Eucalyptus Oil will vary in color. We DO NOT Bleach our Oil.

<p>The fantastic Oil of Eucalyptus is now available and is an excellent way to relieve pain and improve one's quality of life! Listed below are just some of the many uses of Oil of Eucalyptus, the purest form of Eucalyptus oil available due to a special double distillation process and is rated Over 88% - 90% Cineol. (Cineol is the active medicinal ingredient of Eucalyptus) Ingredients: Glycine Soja (Soybean Oil), Eucalyptus Globulus Leaf Oil, Mentha Piperita (Peppermint Oil), Dromiceius (Emu) Oil, Lavandula Angustifolia (Lavender) Oil, Clove Bud Oil, Olea Europea (Olive Oil), Vitamin E, Rosemary Leaf.</p>	<p><u>Rashes, Insect Bites, Psoriasis, Eczema, Poison Ivy, and Poison Oak</u> Apply oil directly to the affected area. Repeat several times during day as necessary. <u>Burns</u> Immediately apply Oil of Eucalyptus to the burn and let the affected area dry. Apply again if necessary. In many cases, Oil of Eucalyptus will prevent blistering.</p>
<p><u>Arthritis, Rheumatism, Back Aches and Muscle Aches</u> Use of Eucalyptus as a liniment. First wash the affected part w/ hot water or apply a warm cloth to open the pores. Massage well for it least one minute, apply a light amount of Oil of Eucalyptus as a lubricant. In severe cases, use a warm compress on the affected part after applying Oil of Eucalyptus.</p>	<p><u>Sores, Cuts, and Abrasions</u> Apply Oil of Eucalyptus directly to the affected area. When bandaged, apply directly over the bandage. Saturate the bandage w/ the oil. It will clean the wound and stop infection and promote healing.</p>
<p><u>Sinus, Sinus Headache, Hay Fever, Colds, and Head Congestion, Allergies and Migraines</u> Sprinkle a few drops of Oil of Eucalyptus on a cloth or tissue and breathe in vapors through the nose, exhaling through the mouth for 30 seconds. For children six yrs and under, inhale only once. (Vapor may make your eyes water and cause you to cough, this is normal and momentary)</p>	<p><u>Sore Feet, Sprained Ankles, Gout and Spurs Neuropathy</u> Put one teaspoon of oil into a tub of warm water and soak for relief almost immediately. Soothe sore feet by applying a few drops of oil to a warm cloth and wrapping around the feet. <u>Sauna / Bath Tub</u> Sprinkle 1 cap full of Oil of Eucalyptus in water and allow it to vapor. Invigorating and head clearing.</p>
<p><u>Asthma, Chest Congestion, Bronchitis, Laryngitis, and Emphysema</u> Sprinkle a few drops of Oil of Eucalyptus on a cloth or tissue and breathe in vapors through the mouth, exhaling through the nose for 30 seconds. Not recommended for children six yrs and under to inhale.</p>	<p><u>Vaporizing</u> Add a few drops of Oil to your vaporizer. This will make breathing easier and almost immediately will often stop coughing. If you do not have a vaporizer, sprinkle a few drops of oil on your pajamas or on the edge of your pillow.</p>
<p><u>Cold Sores</u> Apply Oil of Eucalyptus directly on the affected area several times during the day, as necessary. In most cases, the oil will stop the cold sore before it erupts the skin! DO NOT USE INTERNALLY.</p>	<p>If you have <u>DUST MITE ALLERGIES</u>, you might want to add a few drops of Eucalyptus oil to your washer the next time you do laundry. Recent research suggests that this greatly reduces the number of dust mites, and will help you breathe easier.</p>

Suggested uses: Upper and lower back pain, shoulder, knee and all body aches. Arthritis, Emphysema, Sinus, and Sinus Headache, Asthma, Pains and Soreness. Rheumatism, Colds, Hay Fever, Bruises, Insect Bites, Burns and Sunburns, Chest Congestion, Bronchitis, Rashes, Cold Sores and Carpal Tunnel Syndrome.
