Mr. Jack Brown  
Chairman & CEO  
CORE DC LLC  
1020 Bladensburg Road, NE  
Washington DC 20002

April 23, 2025

Greetings Mr. Brown,

As the Chairperson of the Advisory Neighborhood Commission (ANC) 7E, I am pleased to express the commission's strong support for CORE DC, LLC in their efforts to provide residential reentry and home confinement services to men returning to Washington DC. As an ANC Commissioner, I have had the opportunity to observe CORE DC's engagement with the community with transparency, professionalism, and commitment to being a good neighbor. Their presence provides a valuable resource in our collective effort to support safe, thriving, and inclusive neighborhoods.

Successful reentry into society is a critical component of reducing recidivism and improving public safety. CORE DC provides exactly that. Through their programming, they offer returning citizens a true opportunity to rebuild their lives with dignity, support, and accountability.

CORE DC's client-centered model includes individualized case management, job readiness training, life skills development, and support for family reunification. Their approach is holistic and practical, addressing both the immediate needs of housing and stability as well as the long-term goal of self-sufficiency and community reintegration. ANC 7E fully supports CORE DC's application to provide reentry and home confinement services. Please feel free to contact me with any questions or if further input is needed.

Sincerely,

Commissioner Natasha Dupee, M.Ed., MPH  
Chair, Advisory Neighborhood Commission 7E  
Single Member District 7E04  
3939 Benning RD NE  
Washington, DC 20019
