

Job Title: Quality Inspector
Company: LIAT (2020) Limited
Location: Antigua and Barbuda

About LIAT2020: LIAT (2020) Limited is an innovative and dynamic start-up airline aiming to disrupt the aviation industry by providing affordable and efficient travel solutions. We are committed to delivering a seamless and exceptional flying experience to our customers while maintaining a sustainable and profitable business model. As we embark on this exciting journey, we are looking for a Quality Inspector, to join our team.

Our Company Culture: Recognising that our employees have choices, we place a strong emphasis on creating and maintaining a positive working culture. Our company thrives on a friendly and informal work environment where everyone, regardless of their position, is treated with respect and consideration. As a Quality Inspector, you will play a crucial role in fostering this positive and supportive environment.

Position Overview: LIAT (2020) Limited is seeking a qualified, safety-conscious, Quality Inspector to join our team. The Quality Inspector will ensure the highest levels of quality and safety in all maintenance and repair operations. Meticulously inspect aircraft, components, and maintenance processes while conducting audits, ensuring strict compliance with aviation regulations and industry standards; maintain accurate records, and provide continuous improvement to the safety and efficiency of the maintenance organization.

Key Responsibilities:

- Conduct inspections of aircraft, components, and maintenance processes to ensure compliance with regulatory requirements and quality standards.
- Perform routine and spot checks on maintenance activities, documentation, and records.
- Conduct internal audits of maintenance procedures, practices, and documentation.
- Collaborate with regulatory authorities and external auditors during inspections and audits.
- Maintain accurate and up-to-date records of inspections, findings, and audit reports.
- Review and approve maintenance records, logbooks, and technical documentation.
- Ensure that all maintenance-related documents are complete, accurate, and filed appropriately.

- Identify and report non-conformance and quality issues, recommending corrective and preventive actions (CAPAs) as necessary.
- Monitor and verify the implementation of CAPAs and track their effectiveness.
- Provide training and guidance to maintenance personnel on quality standards, regulations, and best practices.
- Promote a culture of quality and safety awareness within the organization.

- Stay updated on aviation regulations and quality standards, ensuring that the organization remains compliant with all applicable requirements.
- Support the Quality Manager in maintaining the organization's approvals and certifications.
- Identify opportunities for process improvements and quality enhancements within the organization.
- Participate in quality improvement projects and initiatives.
- Prepare and submit regular quality assurance reports and metrics to senior management.
- Communicate findings, recommendations, and audit results to relevant departments.
- Perform other related duties as assigned.

Required Qualifications and Experience:

- An Associate degree in aviation maintenance, Quality Assurance, or a related field.
- Minimum of 5 years of experience in aviation maintenance and quality assurance.
- Relevant certifications such as Certified Quality Auditor (CQA).
- Thorough knowledge of aviation regulations and standards (e.g., ECCAA, FAA, EASA).
- Pilot's and/or aircraft engineer's license desirable
- ECCAA Type approval a plus.
- Computer literacy, including proficiency in Microsoft Office Suite.
- Experience with auditing, inspection, and quality control processes.
- Strong understanding of aircraft maintenance procedures and documentation.
- Exceptional attention to detail and accuracy in work.
- Excellent communication skills, both written and verbal.
- Problem-solving and decision-making abilities.

Benefits:

- Competitive salary.
- Comprehensive benefits package.
- Opportunity to shape the future of a disruptive start-up airline.
- Fast-paced, collaborative, and innovative work environment.

This is a description of the job as it is presently constituted. In order to support the company's efforts to attract and retain the ideal incumbent to perform the work, it is normal practice to periodically review job descriptions for current and accurate relevancy, as jobs change over time and job descriptions need to be reflective of these changes. The review process is a collaborative effort involving the position supervisor and the employee performing the job. You

are therefore expected to participate fully in such discussions. In all cases, it is LIAT 2020 Ltd.'s aim to reach agreement to reasonable changes, but where it is not possible to reach agreement LIAT 2020 Ltd. reserves the right to make reasonable changes to your job descriptions which are commensurate with the company's objectives and your grade after consultation with you.
