

Shurrun's House provides sober living faith based transitional housing to women of low income in Dallas Texas. This fully furnished home provides a drug free safe haven when transitioning from the criminal justice system, behavioral healthcare or drug and alcohol abuse treatment centers. We provide the tools, resources and referrals necessary to become responsible members of the community such as counselors, recovery coaches, women empowerment classes, employment leads, NA/AA class locations and times along with bus passes when needed. We offer residents a supportive environment, located near public transportation where they could get to assigned meetings, adhere to orders of the courts, adhere to orders of Child Protective Custody(CPS), Work and Attend School. Residents that are committed to their own success, participating in all programs and staying active is crucial to the recovery process.
