MY LIST OF

Things I've Done

A LOT CAN HAPPEN
IN A YEAR

SOFTLY STUDIO

hello!

Congrats on downloading your 'Done' list template.

So much can happen in a year. A 'Done' list is the perfect place to record all the wonderful things you do. Simply add to the things you've 'done' to your list each month.

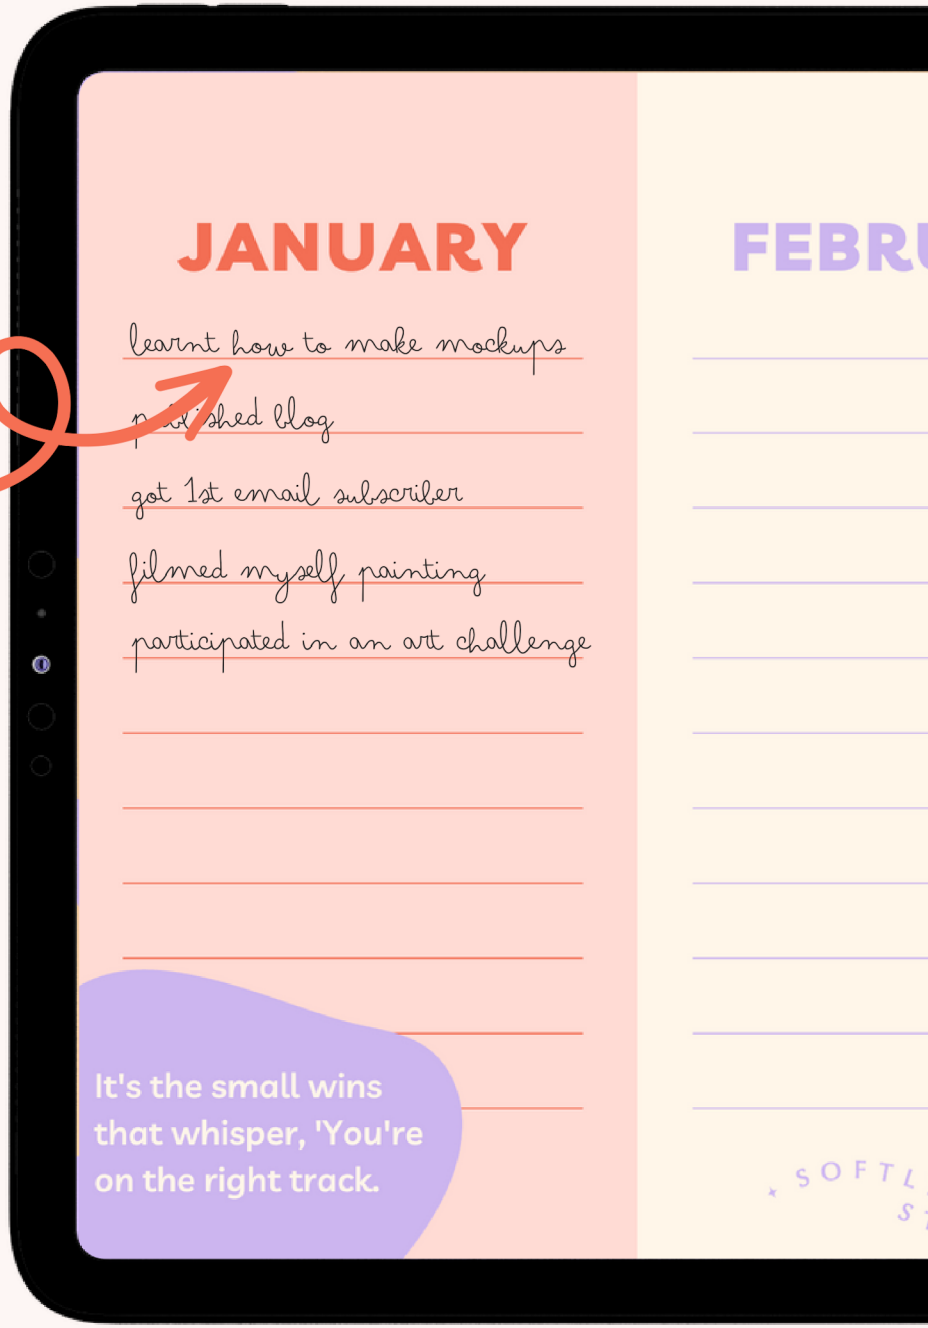

Celebrating your small wins and milestones will boost your motivation and help you appreciate your incredible journey of personal growth and progress.

Here's a few ideas to get you started.

- Something new you learnt
- Any milestones big or small
- Any firsts
- Nice feedback you received
- Something that was challenging but you did it anyway
- Anything that made you feel proud

Remember, your 'Done' list is a place to acknowledge everything, especially the small steps because many small steps lead to big things.

My number one tip is don't overthink it!
Sending you all the good vibes for your creative journey.
Warmly, Lahni
