

# GUARDIAN QR+™

By **RGF**  
ENVIRONMENTAL GROUP, INC.

- **Kills bacteria, mold and virus**
- **Reduces odors and VOCs (chemical odors)**
- **Easier, Faster, No Tool Cell Replacement**

Guardian Air™ does not need the pollutants to travel to the air handler for UV treatment or filtration. Guardian Air™ is proactive and sends ionized aggressive advanced oxidizers into the room to destroy the pollutants at the source, in the air and on surfaces, before they can reach your family, clients or employees.

#### **Quick Release Feature**

The Guardian Air QR+™ now features a quick-release design for easy removal of the housing to allow easier servicing.

#### **QR+ Cell Replacement**

The Guardian Air QR+™ also features a quick-release design for easy removal of the PHI Cell® as well.
