

Exhibit C: Patient Case Summary Spreadsheet

Application for Diplomate, American Board of Craniofacial Dental Sleep Medicine

Candidate Name:

Date:

A total of five (5) Patient Case Summaries are required.
 For each Patient Case Summary, the pre-treatment PSG must be formally interpreted by a board-certified sleep physician (i.e. MD, DO or PhD) whose diagnosis must reflect an AHI greater than 10 and be clearly documented. The post-treatment PSG must also be interpreted by a board-certified sleep physician.

Home sleep tests (HSTs) may be utilized as pre- and post-treatment PSGs when read and scored by a board-certified sleep physician. HSTs that are not read and scored by a board-certified sleep physician are not acceptable and cannot be used to document pre- or post-treatment AHI. At least three (3) of the required five (5) Patient Case Summaries must be successful responders with posttreatment AHI reduced in half plus relief of subjective symptoms. **Two (2) Patient Case Summaries of unsuccessful or non-responders, either surgical or non-surgical, may also be included.** Patient Case Summaries involving non responders must be accompanied by detailed written explanations of possible reasons for non-responses to treatment and attached to this form. Note: Two forms of ID (i.e. patient initials or chart number AND date of birth or last 4 digits of the social security number) must be supplied for each patient

Patient ID 1 (initials or chart #)	Patient ID 2 (DOB or last 4 digits of SSN)	Pre- Tx AHI	Physician's Diagnosis	Treatment Method	Appliance Used (if applicable)	Post- Tx AHI

I certify that I am the primary provider for each of the cases listed above.
