Lean Six Sigma Green Belt

What it is?

Lean Six Sigma is a renowned business management philosophy and a chronic problem-solving process. Since it was started, it has changed the fortunes of various organizations across the globe. Business houses have earned and saved millions just by the implementation of the concept. Lean along with Six Sigma has been one of the most wanted skills among the business and industry professionals in this 21st century.

There are different levels of skills as far as Lean Six Sigma is concerned like Master Black Belt, Black Belt, Green Belt, Yellow Belt and White belt.

Career

Lean Six Sigma is not a common skill rather it is a competency of an individual which is required by almost all type of industries like manufacturing, service, banking, hospitals, consulting, marketing, supply chain etc.

ISO 9001:2015, ISO 45001:2018, ISO 14001:2015

INTEGRATED MANAGEMENT SYSTEM (IMS)

Internal Auditor Course

Internal Auditor – Integrated Management System

Integrated Management System is the Integrated of three of the most prominent and widely implemented standards of Quality Management (ISO 9001), Environment Management (ISO 14001) and Occupational Health Safety Management (ISO 45001). These standards are implemented by almost all the business houses of the world be it the manufacturing or service industry. Since Quality, Environment, Health & Safety is the need of the hour and the demand of every customer, employee and the employer therefore these standards find their buyers almost everywhere. Internal Auditors are competent auditors who are qualified to conduct First party and Second Party management system audits on their own.

Career

Every organization certified to these ISO standards prepares and train their Internal Auditors for implementation, review and audit of the management system. A certified internal auditor becomes a preferred choice of an employer. This is an additional role of any professional as a management representative, internal auditor, system manager. Etc.

Course Accreditation

The programme shall be accredited IIPE India and Global System Certifications.
