About Social Cooperation Initiative-SCI

SCI was established in 2008 and got formal registration in 2011. The period was followed by various formal and informal partnerships in various sectors. SCI believes in 'rights-based participatory development. SCI believes in the usefulness of its programme strategy and participatory approach for facilitating development through promoting good governance and democratization, improving local livelihoods and food security, developing human resources, empowering civil society specially women, strengthening systems and structures of organizations, reducing vulnerability to shocks & disasters, protecting environment, enhancing knowledge base of society, as well as improving social sector services for the marginalized segments of society.

In order to advocate for and promote rights based development SCI works both at the policy and practice levels. It requires SCI to work at various levels. At the local level, SCI works with remote villages, communities, people suffering from impact of disaster, conflict and climate change, especially marginalized group. At the other tiers levels, SCI works and interacts with a wide range of stakeholders including civil society groups and organizations, and coalitions & networks to achieve its mission and vision.

SCI's possesses a three year long diversified experience in rights-based development, research, system development, and advocacy, program implementation while promoting active and meaningful participation of marginalized group and linking them with other civil society networks.

The **Core Values** we observe are;

- Openness and democracy
- Innovations and Creativity
- Integrity, Fairness & Accountability and
- Mutual Cooperation

In line with SCI's mission and vision the organization seeks to replicate and demonstrate its rights-based, integrated and multi-sectoral approach in other parts of Pakistan.

Our Vision: "A society where human being are enjoying their rights with dignity"

Our Mission: "Work in solidarity with marginalized to facilitate and advocate the alternative solutions to address structural causes leading to denial of rights of people"

Our Strategic Focus:

- Organize, mobilize and empower poor people and organizations to demand and realize their rights with increase resilience and capacities.
- Work in solidarity with children, women, girls and poor people to enable them to participate in social, economic and political processes.
- Support poor communities to have access and control over basic rights such as, education, health, food security and livelihoods with the focus of emergency and disaster.
- Strengthening organizations with effective financial systems, result based monitoring and accountability frameworks.
- Contribute to enhance knowledge base of society through research, evaluations, situation analysis, policy and program analysis, case studies, articles etc.
- Effectively capitalize on potential of social media for development.

Our Target Social Groups;

We work through our direct and indirect interventions in solidarity with the following social groups;

- Women and Girls
- Poor and Excluded Communities (Rural and Urban)
- Small Farmers
- Vulnerable People (Disaster, Circles, Food Security, Environment, Discrimination etc.)

How we do- Our Strategic Approach

Capacity building and institutional support: SCI together with local partners will continue to mobilize and organize poor people and provide strategic institutional support to sustain their struggle for justice.

Participation: SCI will make concerted efforts to encourage and support critical engagements with policy makers by enhancing effective participation and communication with the poor and vulnerable communities.

Grassroots linkages & support for community initiatives: We will support and strengthen communities' access and control over basic social services such as health, education and water. We will also support poor people in identifying and creating alternative livelihood opportunities.

Human rights based approach: SCI's human rights-based approach holds that every individual by virtue of being a human is a holder of rights. It involves a process of enabling and empowering people to claim and realize their civic, political, economic, cultural and social rights.

Campaign and advocacy: This strategy includes the process of mobilizing, organizing, capacity building, engaging, reflecting and learning. Using this approach, SCI will continue to enable poor and marginalized people to formulate their own policy agenda and claim and realize their rights.

Women NICs and Voter Registration Campaign

Details of Activities and Achievements (2019-2020)

Overall Progress of the Project & Impacts- support with the help of numbers, volunteers' engagements, improved the status of NIC and voter registration of women. how your objectives and interventions contributed in overall results

Through this project, SCI has managed to achieve a remarkable breakthrough in terms of giving identity to 21772 out of identification/listed by team SCI 32162 unregistered women in the District Vehari & Pakpattan through NIC registration and Civic and voter education. This will surely lead to reduced gap of female's voters in the both districts. Ensure the voting on election day also educate women for importance of vote and NIC in selected Census Blocks/villages, through community meeting/Mobilization session to orients on NIC important, NIC registration and Voter education.

Coordination Meeting with Key Stakeholders also played key role in smooth implementation & success in Phase III and Extension with ECP & NADRA to sort out registration issue and build relationship in Joint Coordination Meetings, decided working hours to increases more facilitation also avoid any unconvinced, Role of Zonal Head of region Vehari and Pakpattan Mr. Manzoor ul Haq & Mr. Shoaib Ghauri most important stakeholder District Election Commissioners of both Districts very appreciable because they take action on serious field related issue also instructed to related center in charge to increase facilitation number. Tehsil level Meeting with NADRA Official also held with help of ECP to coordinate with NADRA. Methodology follow accordingly NADRA officer guide/support us how many females SCI allow forward towards NRC center Vehari Tehsil, Burewala Tehsil, Arifwala, Pakpattan for fresh registration of NIC. Through this project SCI able to register 21772 unregistered women for new NIC through SCI Facilitation at NRC & MRVs.

SCI Team start mobilization campaign with help of local activist/volunteer to aware and list down Women not having NICs and unregistered voters. Women have been mapped out from more than 270 Census Blocks 184 Census Blocks of District Vehari and 87 Census Blocks of Pakpattan. This was done in consultation with local community activists/volunteers to enlist women from village to village, door to door visit, mobilization support is being taken from already available resource persons'/ community activists of SCI. During the project period 32162 unregistered females are listed for fresh NIC registration. Social mobilization team started community meeting/corner meeting/ social mobilization meeting in each community to orient them on project and aware them on project and process of NIC registration and voter registration. SCI team mobilize more than 24741 women/men during different session with local community women without NIC also list down for fresh registration and their details have been documented from 270 Census Blocks.

Under this Project consultation meeting with key stockholders of project to orient them on project purpose & objective. Project activities and their role in effected implementation of project. SCI start Voter Education, NIC registration, WNVR campaign through IEC Material Distribution with females & males in targets area, in colleges and other institutions' team Mobilize and Facilitate Women's for NIC Registration – in NADRA NRC Office Vehari. Have organized meetings with heads and session with youth to aware them how low NIC & Voter registration will efforts their

development funds. Information spread in allover district to highlight this public campaign, giving message to more people living without Identity.

During the project implementation, also gets benefits from TDEA team's efforts after received email/instruction for Joint Coordination Meeting with NADRA/ECP for discuss issue and solve problems of selected NRC, it's really help to increase number of registration specially on NRCs SCI team have move more than 35 to 50 on this day in each NRC to achieve maximum targets help us to promote campaign. Throughout project the community support remained positive, Volunteer are backbone of this project really help in listing and moving females on NRC from village to village. Other stakeholders such as NADRA official, local notables also remained very supportive and actively engaged in project activities. The role of ECP, NADRA team remained very positive and supportive throughout the project life.

Month of March 25, 2020 was last day for facilitation with deadline to achieve target for facilitation but due to Corona Virus wave Covid-19 effects progress in start of March and after getting dangerous NADRA close operation for better interest of Nation also make restriction to achieve targets, before this Corona Wave Team working with new spirit to obtain remaining facilitate for unregister women from listed area on peak. March, 2020 to work hard with good team work, but bad luck heavy rain almost first week and second week effects registration also, Mission is not achieving on remaining target mission is to give identity to unregister women as a Pakistan. With technical support of TDEA team achieving maximum target of registration with work hard for smooth implementation and facilitation for unregister women all the month with kind support of ECP/NADRA, infect TDEA team help us to solves issue faced in field or at NRCs/MRVs of During the reporting month of March, 2020. SCI team facilitate of unregister women at four MRV each in each tehsil including Pakpattan and NRC centers in all over in both districts after listing of unregistered women from selected census Blocks/village to village.

Joint meetings with NADRA and ECP (MRV/ NRC) for finalizing work plans (in support of above mentioned number please provide text)

ECP/NADRA with technical Support of TDEA start a Great Initiative Joint Coordination Meeting with Key Stakeholder of Project, District Election Commissioner & Deputy Director NADRA Zone & Partner organization to minimize issues and coordination gap faced in district wise.

In a detail of Coordination meeting all activities shared with ECP/NADRA staff. District Election Commissioner vetted the list provided by TDEA Partner and share with NADRA to facilitated in coming week after Coordination meeting. ECP Official Decided Joint Coordination take place on DEC Office on every 1st and 15th of each month to discuss issues and Main Key Stakeholder of Project was DECs, achievement of project due his special support and technical help. Both DECs Pakpattan & Vehari give special importance to this campaign and take action if SCI staff face issue in field regarding work. Coordination with NADRA and provision of MRV also due to both DECs. DEC organized fifteen days meeting and share problem and achievement with each other.

Number of participants in Meetings.

| Sr # | Detail of Participants | No. |
|------|------------------------|-----|
| 1 | Female | 05 |
| 2 | Male | 16 |
| 3 | Transgender | 00 |
| | Total | 21 |

Activity C 1.4. Coordination and engagement with DVEC.

The project has used a multi-pronged approach in order to smoothen the overall implementation. The project implemented on Civic and Voter Education stresses on the need to strategize the project activities with establishing democratic behaviors in the targeted communities through continuous engagement at community level through local “gatekeepers”. It has been learned in the previous round of implementing Civic and Voter Education project and CNIC registration project that the response of the communities is ten times higher if the men of the community especially religious leaders and youth are onboard in any such activity that might bring behavioral change in the communities. District Voter Education Committee play an important role in district level improvement related to voter registration. To discuss problem & issue and orient DVEC on project really helpful for project implementation.

Number of participants in Meetings Phase III.

| Sr # | Detail of Participants | No. |
|------|------------------------|-----|
| 1 | Female | 08 |
| 2 | Male | 23 |
| 3 | Transgender | 00 |
| | Total | 31 |

Number of participants in Meetings Phase III Extension.

| Sr # | Detail of Participants | No. |
|------|------------------------|-----|
| 1 | Female | 19 |
| 2 | Male | 40 |
| 3 | Transgender | 00 |
| | Total | 59 |

During Project Duration in extension phase SCI team have close liaison with DVEC and monthly meeting conducted by SCI team give detail presentation and share progress against objective. | | Total | 11529 | |

Total Target and Achievement.

| Sr # | Target of Listing | Achievement |
|------|-------------------|-------------|
| 1 | 22400 | 29317 |

Mapping for Identify the unregistered women's with NADRA Initiate start in 30 Census Blocks of Vehari, 30 Census Blocks of Burewala, 30 Census Blocks of Mailsi. Listing target 17788 from provided data of estimate women in area was 22400. SCI team start campaign with help of Community activist/Volunteer identify the women's having not CNIC and list down their name and father name & contact no. In the end of listing SCI have collected data of 29317 women for new registration.

To Identify unregistered women SCI team use 4 type approaches

- Door to Door Visit
- Community Mobilization Meeting
- Corner Meeting
- Public Announcement

Activity D 1.2. Number of unregistered women facilitated (Narration required)

SCI team started facilitation of women at MRV and NRC both after listing of unregistered females from village to village. NADRA office granted MRV to SCI team for area where is low registration for facilitation of women at their own village, other hand SCI team working hard to move female on NRC center for registration for this purpose meeting with NRC center and Zonal Head already done with help of District Election Commissioner and SCI team have done most nearest villages of Vehari, tehsil Burewala to facilitated women with new NIC. Methodology follow accordingly NADRA officer guide/support us how many females SCI allow forward towards NRC center Vehari Tehsil, Burewala Tehsil for fresh registration of NIC.

Total Target and Achievement.

| Sr # | Target of Facilitation | Achievement | Justification |
|------|------------------------|-------------|---|
| 1 | 16000 | 12010 | Limited time period and Crop session and NADRA Policies major cause of not achieving target. Not cooperation from |

| | | | | |
|--|--|--|-------------------------|--|
| | | | NADRA in start of Phase | |
|--|--|--|-------------------------|--|

Total Target and Achievement in Phase III Extension.

| Sr # | Target of Facilitation | Achievement | Justification |
|------|------------------------|-------------|---|
| 1 | 11975 | 9267 | Limited time period and NADRA office capacity issue main cause of not achieving target in Pakpattan. NADRA have limited resources |

During the project implementation, the community support remained positive. Other stakeholders such as NADRA official, local notables also remained very supportive and actively engaged in project activities. The role of ECP, NADRA team remained very positive and supportive throughout the project life. Through this project, SCI has managed to achieve a remarkable breakthrough in terms of giving identity to unregistered women in the tehsil through NIC registration and women empowerment. This will surely lead to reduced gap of female's voters in the district.

Project orientation Meeting with NADRA MRV In charge and Centre In charge, detail project presentation delivered to NADRA staff and purpose of project decrease number of women having not CNIC and strategy planning also made to reduce gender gap with help of NADRA through MRV movement in back word area where women, girls are not registered with NADRA. Also, a coordination meeting held NADRA office with Zonal Head Manzoor Sb Vehari Region.

Through village volunteer's, awareness has been raised on the importance of having ID Cards especially for women. This awareness campaign has created a change in their attitude to get their women registered with the NADRA for ID cards. This step leads to the empowerment of women in district Vehari. These volunteers/activists are connected with the District network which has already developed linkages with the NADRA and district administration authorities. This linkage will facilitate the people to get ID cards for their female beyond the project life and will ensure the sustainability of project outputs.

Activity D 1.3. Number of Mobile Registration Vans (MRVs) visits requested (Narration required)

SCI team started facilitation of women at MRV after listing of unregistered females from village to village. SCI team request for MRV in the start of Project but MRV not provided by NADRA. After that SCI team sign and stamp the MRV request from DEC and then send to NADRA Multan office after this process NADRA office granted MRV to SCI team for 3 days in a week and one MRV in each tehsil for facilitation at door step. SCI team arrange 117 camps in 102 Villages for facilitation of

women at their own village, other hand SCI team working hard to move female on MRV for registration for this purpose meeting with community notable done before the camp so that they have arrange or informed all remaining or unregister women from village and nearest village.

Detail of Camps requested and NADRA grants MRV below:

| Sr # | Requested for MRV after approval of DEC | Prevision & Arrange Camps by SCI | Justification |
|------|---|----------------------------------|--|
| 1 | 210 | 117 | NADRA Multan office Prefer Politian rather the SCI and MRV staff just process 50 to 60 cards daily which is very low average from past working. If NADRA process 100 Token per day they prefer not prefer fresh NIC because having Zero rupees. Ration of fresh token daily 40 to 45 just. |

Methodology follow accordingly NADRA officer guide/support us how many females SCI allow forward towards MRV Vehari Tehsil, Burewala Tehsil for fresh registration of NIC.

Activity D 1.4. Number of Mobile Registration Vans (MRVs) visits arranged (Narration required)

In start of phase III NADRA not allow SCI for MRV just allow in NRC but after Close Coordination of TDEA in month Oct 2019 NADRA finally Allow SCI for MRV Camps and in district vehari grants 3 MRVS each for each tehsil, and One MRV in district Pakpattan allow by NADRA office. NADRA office granted MRV to SCI team for 3 days in a week and one MRV in each tehsil for facilitation at door step. SCI team arrange 117 camps in 102 Villages for facilitation of women at their own village, other hand SCI team working hard to move female on MRV for registration for this purpose meeting with community notable done before the camp so that they have arrange or informed all remaining or unregister women from village and nearest village.

SCI team have work hard before the MRV camp, SCI field staff and volunteers informed all unregister women to be prepare before arrival of MRV and get ready. SCI team also arrange safe water for women at camp and ECP staff also visit Camp to check facilitation camps. Public announcement was made to avoid any unconvincing at the time of camp.

Detail of Facilitation at MRV Camps Total Target and Achievement.

| Sr # | Target of Facilitation | Achievement | Justification |
|------|------------------------|-------------|--|
| 1 | 5100 | 2836 | Limited time period and Crop session and |

| | | | | |
|--|--|--|---|--|
| | | | NADRA Policies major cause of not achieving target. Political influence also main cause to not achieve this target | |
|--|--|--|---|--|

Activity D 1.5. Number of facilitation camps organized for registration (Narration required)

SCI team start facilitation of women at NRC center after listing of unregistered females from village to village. Daily Monday to Friday SCI team arrange camp at NRC where unregistered women were register. After a coordination meeting NADRA Official time decided for fresh registration to avoid any unconvinced. Women from nearest census blocks were move to facilitate at NRC every day for fresh registration. NADRA office granted in every NRC one focal person which deals fresh registration case moved by SCI. with homework Per day 50 to 60 unregistered women move by SCI in every NRC in district Vehari for fresh registration, Methodology follow accordingly NADRA officer guide/support us how many females SCI allow forward towards NRC center Vehari Tehsil, Burewala Tehsil & Tehsil Mailsi for fresh registration of NIC. Daily Monday to Friday SCI team arrange camp at NRC where unregistered women were register.

Detail of Camps requested and NADRA grants MRV below:

| Sr # | Target of facilitation Camps after approval of DEC | Camps arrange by SCI at NRC Level after approval of DEC/NADRA | Justification |
|------|--|---|---|
| 1 | 594 | 454 | After the initiation to NADRA staff and Local Govt SCI team arrange camps at NRC 5 days in a week to move more than 50 females at NRC. NADRA Vehari office Prefer Politian rather the SCI and Rejection of candidate from NADRA official very high which cause many problem during working and arrangement at NRC |

Activity D 1.6. Number of women taken to the NADRA office/centers for facilitation

SCI team started facilitation of women at MRV and NRC both after listing of unregistered females from village to village. NADRA office granted MRV to SCI team for area where is low registration

for facilitation of women at their own village, other hand SCI team working hard to move female on NRC center for registration for this purpose meeting with NRC center and Zonal Head already done with help of District Election Commissioner and SCI team have done most nearest villages of Vehari, tehsil Burewala to facilitated women with new NIC. Methodology follow accordingly NADRA officer guide/support us how many females SCI allow forward towards NRC center Vehari Tehsil, Burewala Tehsil for fresh registration of NIC.

Total Target and Achievement.

| Sr # | Target of Facilitation | Achievement | Justification |
|------|------------------------|-------------|---|
| 1 | 18400 | 21277 | Limited time period and Crop session and NADRA Policies major cause of not achieving target |

Awareness Campaign on Corona Virus

Pakistan has severely been hit by Coronavirus (COVID-19) with currently.

SCI with the support of District Government has kicked-off an awareness campaign on Corona virus (COVID-19) prevention and control. Through this campaign, awareness knowledge will be disseminated with masses through Information, Education and Communication (IEC) and Information & Communication Technology (ICT).

It is highly important to maintain proper hygiene and wash your hands frequently for at least 20 seconds. Avoid social gathering and practice social distancing.

A public service message by SCI and District Government under COVID-19 awareness campaign.

It is highly important to take care of hygiene, hand washing, practice social distancing and avoid going to gatherings. This is the key to Coronavirus prevention and control.

Kindly share the video to spread the word.

National Voter Day Events 2020

SCI/ECP Organized a Walk on Voters Education to celebrate National Voters Day with Religious leaders, Councilors, UC Chairman's, Students, AEOs, Teachers, Community Activists of Rajanpur to focus on highlighting the importance of voter education, CNIC registration, Voter registration. This Seminar will help to create awareness on voter education of women. while educating on practical measures that can be taken to address existing gaps on this front.

SCI based proposes as a focus for this grant to address this scenario of gender hostile environment and to demands the need for purpose full actions from civil society organizations in term of formulating and advocating the female right to vote, registration of CNIC easily at door step & voter registration.

The purpose of the activity is to give detail intro about the National Voters Days 2020 with relevant stakeholders, to sensitize them on this neglected issue which is highly prevailed in this area district Rajanpur

Challenges, Recommendations and Lessons Learnt during the Project Implementation

| B.5.1. Challenges/issues faced (internal-organizational level) | Steps taken to resolve the issues |
|--|---|
| Flow of information sharing regarding Checks of PMIS from TDEA very Show | Have to call lots for time for acquiring information for special issue faced in uploading data on PMIS |
| Provision of ICE material too much late from TDEA | SCI team requested to ECP and collected Lots of ICE material from DEC office for community Meetings and information stall. |
| PMIS operations too late due that work and format for uploading data on PMIS change two or three time also cause lots of issue | The data entry operator has to work extra time to list the data on PMIS. Most of time spend on mark green activities or plan |
| | |
| B.5.2. Challenges/problems faced (External) | Steps taken to resolve the issues |
| Crop Session also affect progress. In February and March 2020 heavy rain almost more than 5 to 6 days in one month also effects working and Progress | Much difficult to move women during crop session have lots work and planning. Ask them to give first time for facilitation. |
| Mechanism for movement of unregistered women always issue for team. Transportation system. | Transportation big issue always for movement of patients of unregister women for this purpose locally arrange transportation for blood relation or mobilize their father to reach NRC on self-base. |
| In facilitation SCI have also move or give transport to blood relation of beneficiaries but just allow candidate only | SCI have to pay extra on every camp because without this not possible facilitation or process of NIC |
| Movement of MRV subject to political and NADRA prefer Politian in provision of MRV in all district. | Have reduce this issue with meeting Mr. Arif Durani regional Manager MRV |

B.5.3. Lessons Learned: (2019-2020)

- SCI conducted Project Introductory meeting in start of project with Key Stakeholder of Project like Government official for getting NOC from district administration. SCI give a detail orientation to all official regarding project objective and goal and issue face in field regarding implementation of project. Behavior of government official very supportive specially District Officer Social Welfare Very Supportive and kind with us also participants in all district level event and encourage SCI team to achieve objective of project.
- Educated people play important role in their society or village development but nowadays lots of fraud with community and field team also faced difficulties during data collection and listing because lawyer of every village call the police that someone collecting information etc. solve this issue SCI team have planned a detail meeting with District Bar Association official and give detail presentation on project objective and activities, after presentation District Bar President encourage SCI team and also inform all Bar member from one notification to help SCI in registration of unregistered women.

B.6: Sustainability of project

With Technical support of TDEA team SCI increase capacity of volunteers and local community now they are able to write a request to NADRA deputy Zone for MRV and also able to request to provide NIC at door step. TDEA team manually create awareness in this regard, it's because team SCI selected all volunteers from local community and hired local staff after training throughout project life they also seen progress of MRV request management and how to request NADRA for special time for women special.

It's need to change way of responsibility change activity design a create a VMC (Voter Mobilization Committee) in every Census Block based on 7 members (2 female members must) which trained by TDEA/partner organized about registration at NRC level and how to request for MRV at Village/CB level. Partner organization also provided them all related formats and request forum which useful in further if they want listed women or require MRV at Village level. Project sustainability depends on Volunteers because volunteers only hope for sustainability of Project. If we learn from last two campaigns most of volunteers still working after TDEA ask for stop facilitation they have point we have listing so we have to facilitate till the last women not facilitation in their area or village. In last coordination meeting with Volunteers SCI team and volunteers decided to work together no matter if project ends. In end of meeting decisions have made by all participants that monthly meeting held in SCI office to share issue and problem regarding registration of women NIC and also volunteers share progress with team. SCI team ensure volunteers that SCI & TDEA always with them in this noble cause & try their best in the betterment of Vehari.

Story No. 1

“Know me from my abilities not from disabilities”

If word “possible” would have ever a face it will be of Hafiz Muhammad Usman.

Hafiz Muhammad Usman is a native of local Village (56/web) of Vehari. He lost his legs in an accident. Hafiz Muhammad Usman is a very passionate man as he wanted to serve his people. He always uses to help the people through his hard work dedication and through his commitment. People told SCI team about Hafiz that he used to help them in every difficult situation.

When Team SCI visited his village, SCI team make announcement in local Masjid about the unregistered Women of the village Hafiz Usman came to the scene and introduced himself, his village, the local problems and some basic issues of people. Hafiz Muhammad Usman told that he is a graduate and can speak English & Urdu and Punjabi fluently.

Team SCI gave a detailed introduction of the project Women NIC & Registration Campaign that how the project will go about and will help the people especially women for registration of their identity Cards via Mobile registration Van (MRV) and NADRA registration center (NRC). The people was happy & Excited as they will be getting the ID Card in their village.

Hafiz Usman voluntarily said that he also wants to take part in this campaign and want to help his women the basic right that is identity that will help them take part in the election and change the fortune of the country. Hafiz Usman Promised the SCI team that he will work day and night to achieve the required target.

SCI team was amazed that how a disabled person will work as the team may have to go in different villages to do door to door campaign for the listing of un-identified data of women at the same time the passion of Hafiz Muhammad Usman gave the SCI team the belief that will achieve wonders if every person has the passion dedication and commitment like the Hafiz Muhammad Usman has.

Hafiz Muhammad Usman believes that to provide the National Identity card to even a single woman is the great achievement and he will be a proud man when he will face the Allah Almighty

Since then Hafiz Muhammad Usman has worked in more than five villages and he helped around 600 women to get them the Identity. The whole village is proud of Hafiz Muhammad Usman and he is a role model for all the volunteers and for his people.

Team SCI appreciates the services of Hafiz Muhammad Usman for his hard work passion and dedication to the task.

The volunteers like Hafiz Muhammad are the crown of SCI.
Long live Pakistan. Pakistan Zindabad.

Story No. 2

Messenger of Change

Miss Ghazala Hussain lives in a small Town Peoples Colony Vehari. She is a social worker and most often than not she works voluntarily to help people and solve their problems. People of her village mostly criticize her because of her work for identity of women not having NIC. She is an educated lady and understands that the women involvement is very necessary for the prosperity of every nation. She keeps an eye on the current scenario that Most of the women don't have the right to vote as they don't have identify cards. She is also an active member of District voter education committee which educates the women on voter education and helping the women to get their Identity cards.

As she was already working on the women NICs the Team SCI briefly introduced the Project and the Procedure for implementation as this is a national campaign sponsored by Election Commission of Pakistan and is carried across the Pakistan.

Miss Ghazala Hussain enrolled himself to SCI as a Volunteer and said that she will do whatever she can to help the women take part in election process by giving them identity which is a basic right of every citizen.

Miss Ghazala Hussain on his own identified 1000 un-registered women in his nearby villages and shared the data with SCI. Ghazala Hussain is also an active volunteer as she Facilitates more than 20 women on daily basis at NADRA registration Center which is quite a remarkable thing to do as mobilizing the women from their village is very difficult.

Miss Ghazala Hussain feels very blessed as she has helped 650 women get their identity and she believes that it was only possible due to the SCI. She is grateful of SCI for providing her the opportunity and the power to help the women.

Story No. 3

Mr. Volunteer (Social Worker)

Mr. Shahid Imran is a habitant of 230/EB from a humble background. Helping the society & solving their social problems is his mission. His dream is to see every woman of his village having his ID Card and taking part in upcoming General elections. Shahid Imran is a committed and educated person and he believes that it was education through which he became capable of helping the women and highlighting their problems.

Not having the identity card is the big problem and he says that women don't know the benefits of id card and they spend their whole life being unregistered and as a result not taking part in the national stream.

Team SCI visited his village & a brief introduction was given about the key features of the project about Women NIC & voter registration, Shahid Imran registered himself as a volunteer and asked the team how he can help the SCI team. SCI team presented the goal of project and the role of volunteer in the project.

Shahid Imran started worked on collecting the unregistered data of women. He worked in 10 villages helping the social mobilizer in door to door registration campaign and then later on facilitating the women getting their identity through mobilization towards NADRA registration centers. SCI team believes that people feel safe when someone of their own person is collecting data and they cooperate in helping themselves.

Shahid Imran also helped SCI for arranging the Mobile registration camp where unregistered women got their id card at their door step and organized more than 18 MRV Camps in Tehsil Mailsi. The women of his town are thankful to him for as they feel at home getting their id cards.

Team SCI appreciates the efforts of Shahid Imran helping us in achievement of Project.
