ACCU-SPA HARD WAX BEADS

Accu-Spa Hard Wax Beads is a unique wax blend made from the finest natural rosin, beeswax, Vitamin E, and other therapeutic ingredients for hair removal. It is infused with tea tree oil, coconut oil, or other premium essential oils and creams for extra sensitive skin. It can effectively remove both fine and coarse hair without skin redness or irritation. It is formulated for full body and face waxing for both women and men.

Accu-Spa Hard Wax Beads line includes: Tea Tree, Coconut, Lavender, Vanilla, and Aloe Vera. The packages of Accu-Spa Hard Wax Beads are available in 1 lb polyethylene bags. The custom colors, essential oils, or packages are available for your private labels.

Outstanding Features

Accu-Spa Hard Wax Beads only binds to the hair, never to the skin, so it can be applied several times to the same area without causing damage to the skin underneath. It is highly flexible for easy removal. It melts quickly and pulls off cleanly. You can enjoy stripless and flawless hair removal at home due to its specialty formulation.

How to Use

Open the bag, and pour the required amount of wax into a wax warmer pot and heat until the wax beads are completely melted; Test the melted wax temperature on wrist before you apply it; Apply the wax in layers of 2-3 mm in the hair growth direction; Wait a few moments until it cools, then quickly and firmly peel off the wax layers against the direction of hair growth.

Caution

Do not apply wax when its temperature is high. Do not apply wax on varicose veins, moles, infected skin, or open wounds.
