ACCU-SPA® MASSAGE OIL CANDLE

Accu-Spa® Massage Oil Candle is made with a rich formula of skin conditioning coconut wax or oil, soy wax or oil, apricot oil, Shea butter, Vitamin E, and other natural ingredients. We use 100% natural waxes in this product along with pure essential oils, premium grade fragrances, and lead-free cotton wicks. It is an unusual and cool candle formulated to burn at 100°F so it will not harm the skin.

Accu-Spa Massage Oil Candle line includes: Jasmine, Peach, Coconut, Island Hibiscus, Vanilla, Lavender, or Leather. The custom colors, botanical oils, fragrances, or containers are available for your private labels.

How to Use

To use Accu-Spa Massage Oil Candle, simply light it for about 10-15 minutes and let a melt pool form. Always blow out the wax flame before you use or pour it on skin. Pour a small amount of melted oil on the skin to test the oil temperature. Use the melted oil on your cuticles, elbows, heels, or other dry skin areas on the body for skin care. You can also pour the melted oil on some skin areas for massage. Use gentle circular movements to ensure the experience is both enjoyable and effective. Repeat with more oil for the areas to be massaged.

Safety Warning

Be aware of that putting water on burning wax will spread fires!
Never put fingers into the massage oil candle while it is burning.
Always blow out the wax flame before you use or pour it on skin.
Pour a small amount of oil on the skin to test the oil temperature.
Do not recommend using the massage oil candle on your face.
Always trim the wick to ¼ inch prior to each use for best results.
Keep flame away from children, pets, and flammable objects.
