GOMACK RED ANGUS

Welcome to our 52nd Annual Bull Sale

WE ARE GOING BACK TO OUR ROOTS....., this year we are inviting you to our **SALE / SUPPER / & DANCE!**

I know that in the past this was apart of the 3 day Female Sale at my homestead in Mountain View, but I am going to change things up bringing the BARN Dance to follow after our Bull SALE. The LIVE Sale with Auctioneer, will start in the AFTERNOON at 4 p.m. with supper and Dance to follow at the WHITELAW Hall.

You are welcome to stop by anytime to view the bulls. We will be at the farm all day FRIDAY and SATURDAY till sale time, (and any day before). Then, just a range road away to the Whitelaw AG Hall where DLMS will join us for our Live Bull Sale with Auctioneer.

We have a very uniform, calm, stylish set of yearling bulls on offer this year, with a variety in birth weights that will work for any program. We also have a hand full of great performance 2-year-old bulls with moderate birth weights. Gomack is also offering for the first time, highly sought after semen from our own Red Gomack REBEL 33J, who is better than his SIRE: ICE MAN 260D, who has been highly requested America wide. Don't miss out on this opportunity to add consistent calving ease genetics to your herd.

Please come and join the excitement at our Bull Sale, Supper and Dance!!!

Polar Express 1H has always stood out to everyone that has stopped by. He stood out with his stout, easy fleshing, muscular frame right from birth. His progeny are following right behind, they all have his Top line that is wide and goes forever. He also follows his sire Red U2 Dominion, an outcross bull offering maternal value and incredible phenotype. His Dam Anexa 468A is from arguably one of the very top female families in the Red Angus Breed, a Breed Influencer, proven to succeed. With this combination he was a definite herd sire, to which we used him for 2 years and are very impressed. We would love to keep him around longer but being a registered breeder we need to keep our genetics rotating, so this is an amazing opportunity to grab a young herd sire. If you want to add natural thickness to your calves, make sure you take a Polar Express home today!!!
