

Risk Assessment – Coach Travel

This risk assessment has been compiled based on the experience of operating coaches.

It covers issues that are relevant to every group travelling on coaches but is by no means an exhaustive list – groups travelling (particularly with children or other vulnerable passengers) should undertake their **own** additional risk assessments for these situations.

Potential	Who is at risk?	Controls	Risk
<u>Pupils with Special Needs or Other Requirements.</u> Added potential for difficulties or danger for certain group members. Risk of allergic reaction	Leaders Pupils	Obtain details of any pupils with Special Needs Where wheelchairs are to be used ensure that means of access is provided to both the coach and at the accommodation/venue Check the itinerary and conduct additional risk assessment to cover any areas where the particular special needs identified may give rise to hazardous situations. Highlight in the booking conditions and booking documentation the need for the group to inform Fairmanns Travel Ltd of any special needs/requirements at the time of the booking	LOW
<u>Group Movement</u> Loosing party members	Leaders Pupils	Group leader and supervisors must be familiar with the members of the group prior to the trip. Head counts must be performed regularly when the party is getting on or off the coach and on entrance and exit from buildings or areas of interest. Groups can be divided into account able groups, or to employ a buddy or chain system to alert absentees. The group leader must have a mobile phone enabled to operate at the location of the visit. Ensure the group leader is in possession of the Fairmanns Travel Ltd emergency contact number (07770648915)	LOW
<u>Group Movement</u> Journey Stops	Leaders Pupils	The coach should only stop at suitable service areas. The driver is to brief the group on the facilities at the stop location, given duration of stop and the latest time that the party must return to the coach. Advise appropriate movement around the location and specific hazards to be avoided.	LOW

Risk Assessment – Coach Travel
