

NORDIC REPO EVENT | COPENHAGEN

Friday 30th October 2026

D'Angleterre Copenhagen | 13:30 - 16:00

EUREX

AGENDA

Join us in Copenhagen for our Nordic Repo Event bringing together Buy & Sell Side from the region to discuss a variety of topics from

- **SFT** (Repos & Sec Lending)
- **Collateral** (Optimisation, T+1, Post Trade)
- **Digital** (Tokenisation and Custody)

13:30 **Registration** with Welcome Refreshments

14:00 **OPENING REMARKS**

Steve Griffiths, CEO & Founder, [Absolute Collateral](#)

Hear from Steven Griffiths as he opens the Nordic event with a global perspective on repo, securities lending, collateral and liquidity.

Drawing on 15+ years across global capital markets and insights from Absolute Collateral events around the world, Steven will highlight the key themes shaping markets globally and what they mean for the Nordic region.

14:05 **PANEL 1: NORDIC REPOS & SECURITIES LENDING**

Moderator: **Steve Griffiths**, CEO & Founder, [Absolute Collateral](#)

Thomas Bengtsson, Director - Portfolio Management, [ATP](#)

Sander Baauw, Senior Sales & RM, [Euroclear](#)

Expert, Market Professional, [Global Bank](#)

A discussion on how repo and securities lending are evolving across the Nordic region, from changing liquidity and funding dynamics to clearing, collateral, balance-sheet pressures and the growing role of the buy side.

The panel will explore how market structure is changing, where participants see opportunities for greater efficiency and access, and how the Nordic market connects with wider European and global trends.

14:45 **PANEL 2: COLLATERAL EFFICIENCIES & OPTIMISATION**

Moderator: **Scott Brown**, Senior Sales Executive, [FIS](#)

Elina Lehtonen, VP Cross Asset Sales, [Eurex](#)

Joonas Karaila, Repo Trader, [Nordea](#)

Thusjanthan Gunapalasingham Head of Reserve and Risk Management, [Danmarks Nationalbank](#)

Expert, Market Professional, [Nordic Sell-Side](#)

An exploration of how collateral management is evolving across the Nordic region, from availability and eligibility to optimisation, mobility, intraday liquidity and the growing demands of clearing and regulation.

The panel will explore how institutions are managing and mobilising collateral more efficiently, where infrastructure and technology can remove friction, and how Nordic approaches connect with wider European and global market developments.
