2:00pm **Registration** with Welcome Refreshments

2:30pm **OPENING REMARKS**
Steve Griffiths, CEO & Founder, Absolute Collateral

Hear from Steven Griffiths as he opens the Singapore event with a global perspective on repo, securities lending, collateral and liquidity.

Drawing on 15+ years across global capital markets and insights from Absolute Collateral events around the world, Steven will highlight the key themes shaping markets globally and what they mean for the Nordic region.

2:40pm **Panel 1: Collateral Optimisation & Tokenisation**

Moderator: **Davin Cheung,** APAC Head - Collateral, Funding & Financing Solutions, Clearstream

Horacio Barakat, Global Head of Digital Innovation, Broadridge
Rajeev Tummala Head of Digital & Data, HSBC
Sharon Yuen, Digital Expert, Kaleido

An exploration of how collateral management is evolving across APAC, from availability, optimisation and mobility to the growing intersection between traditional market infrastructure, digital assets and tokenisation.

The panel will explore how institutions are improving the movement and use of collateral, where digital settlement can remove friction, and how Singapore can connect traditional and emerging financial market infrastructure across the region

3:20pm **Panel 2: APAC Repos & Securities Lending**

Moderator
Andrew Tan, Director - Sales & Relationship Mgmt, Euroclear

Darren Measures, Director - Portfolio Management, Maybank
Darren Crowther, Head of Securities Finance, Broadridge
Steve Griffiths, CEO & Founder, Absolute Collateral

A discussion on how repo and securities lending are evolving across APAC, from government bond liquidity and funding dynamics to clearing, collateral, balance-sheet pressures and growing participation across the region.

The panel will explore how market structures differ across APAC, where participants see opportunities for greater efficiency and access, and how Singapore can support greater connectivity between regional and global secured financing markets.

4:00pm **Join us for Networking**
