RESOLUTION NO. 2015-04

A RESOLUTION APPROVING THE AMENDED AND RESTATED CONSOLIDATED SERVICE PLAN AND MASTER INTERGOVERNMENTAL AGREEMENT FOR CASTLE PINES COMMERCIAL METROPOLITAN DISTRICT NOS. 1, 3 AND 4

WHEREAS, pursuant to the Special District Act and Chapter 11.02 of the Castle Rock Municipal Code (the "Code"), the Amended and Restated Consolidated Service Plan for Castle Pines Commercial Metropolitan District Nos. 1, 3 and 4 (the "Service Plan") has been received and processed by the administration staff,

WHEREAS, the Service Plan has been reviewed and public hearings held in accordance with the Special District Act and the Code, and the Town Council finds that the Service Plan meets the requirements of the Special District Act and Code in that:

- the Service Plan contains the information and related submittals required under §32-1-202 of the Special District Act and the Code;
- there is sufficient existing and projected need for the services described and authorized in the Service Plan;
- the Town will not extend an unconditional service commitment to the area within the Castle Pines Commercial Metropolitan District Nos. 1, 3 and 4 ("Districts") and therefore existing service in the Districts is inadequate for present and projected needs and adequate service will not be available from any other governmental or quasi-governmental entity within a reasonable time or on a comparable basis;
- the Districts are capable of providing economical and sufficient service to the area within its boundaries:
- the properties within Districts will have the financial ability to discharge the proposed indebtedness on a reasonable basis, based upon the financial projections furnished by the Districts;
- the facility and service standards of the Districts as proposed are compatible with comparable Town standards;
- the Service Plan is in substantial compliance with the Town's Comprehensive Master Plan and county, regional or state long-range water quality management plan, if any, for the Districts; and
- approval of the Service Plan will be in the best interest of the area within the Districts.

I. INTRODUCTION

A. General Overview

1. <u>Introduction</u>. The Castle Pines Commercial Metropolitan District Nos. 1-5 were originally organized pursuant to a Consolidated Service Plan approved by the Town of Castle Rock in January 1987. Since that initial approval, the projected development on the property within the boundaries of the Castle Pines Commercial Metropolitan District Nos. 1-5 has occurred only piecemeal, and no general obligation debt was issued as contemplated by the initial service plan approval. Limited public improvements were constructed in conjunction with the development of the Lowe's store and other existing commercial development in District No. 3 and District No. 4; however, only District No. 3 has undertaken any activity. In 2014, the majority of the property comprising the Castle Pines Commercial Metropolitan District Nos. 1-5 was included in the newly organized Promenade at Castle Rock Metropolitan District Nos. 1-3 in conjunction with a property sale to the Developer.

It is the intent of this Amended and Restated Service Plan for the Districts to supersede and replace the original consolidated service plan in its entirety. Castle Pines Commercial Metropolitan District Nos. 2 and 5 are comprised of existing residential development, do not contain any remaining undeveloped property within their proposed final boundaries, and do not presently provide any services; as a result, those districts are not included within the scope of this Amended and Restated Service Plan.

The purpose of the Castle Pines Commercial Metropolitan District Nos. 1, 3 & 4, located entirely within the Town, and this Service Plan, is to permit the financing of all or a portion of the Public Improvements previously constructed for the benefit of the residents, businesses and taxpayers located within the Districts, as well as to finance all or a portion of those Public Improvements remaining to be constructed within the Project. The Districts consist of a combination of existing commercial development and proposed new retail and multifamily residential development. The Districts are bounded generally by Interstate 25 to the east, U.S. Highway 85 (Santa Fe Drive) on the west, existing residential development to the north, and Meadows Parkway to the south, including the existing commercial development south of Meadows Parkway on Genoa Way.

All Public Improvements have been or will be dedicated to the Town except as otherwise provided in an applicable Approved Development Plan. The Public Improvements to be furnished by the Districts, as well as a demonstration of how the Districts will best provide the necessary Public Improvements in a cost effective manner from available resources, and through coordination with surrounding service providers, are described herein.

This Service Plan is submitted in accordance with Part 2 of the Special District Act, Sections 32-1-201, et seq., Colorado Revised Statutes and pursuant to Sections 11.02.080, 11.02.100 and 11.02.140 of the Castle Rock Municipal Code (the "Town Code"). It defines the powers and authorities of the Districts and describes the limitations and restrictions placed thereon. In addition to the powers and authorities enumerated herein, the Districts may engage in

other activities with the Town's approval.

2. Contents of Service Plan. Numerous items are included in this Service Plan in order to satisfy the statutory requirements for and the additional requirements pertaining to service plan amendments found in Section 11.02.080 of the Town Code. This Service Plan satisfies all applicable requirements. The assumptions contained herein were derived from a variety of sources. Legal advice in the preparation of this Service Plan for the Districts was provided by the law firm of White Bear Ankele Tanaka & Waldron, which represents numerous special districts throughout Colorado. Financial advice in the preparation of this Service Plan and the Financial Plan included herein were provided by D.A. Davidson & Co.

The following items are described in this Service Plan in satisfaction of the Town Code requirements:

- a. Any information or documentation required under the applicable provisions of the Special District Act;
- b. Any changes since the service plan was last reviewed and approved by the Town Council to any of the information, assumptions or projects furnished in conjunction with the petition for approval of organization of a District or contained in the service plan;
- c. A detailed explanation of the activity, events or conditions which resulted in the material modification to the service plan, including what action was taken or alternatives considered, if any, by the District to avoid the action, event or condition;
- d. The impact of the material modification on the District's ability to develop the capital facilities and infrastructure necessary to meet its capital development plan;
- e. The effect of the material modification on the District's ability to retire as scheduled its outstanding financial obligations and its ability to issue and market additional indebtedness to finance additional capital expenditures;
- f. A current financial plan for the District reflecting development absorption rates anticipated within the District's service area, projected annual revenues and expenditures based upon such projected absorption rates, debt issuance and amortization schedules, and a projection of anticipated capital outlays;
- g. The financial impact of the modification on existing residents of the District;
 - h. An updated five-year capital improvements plan; and
- i. What alternatives or options are available to the District if the requested amendment is not approved.

- 3. <u>Financial Plan</u>. Section VI herein discusses the general expectations for the proposed Financial Plan for the Districts, which anticipates two series of bond issuances. Prior to the issuance of District Bonds, the proposed financing shall be submitted by the Districts to the Town for review and comment as provided for in Sections 11.02.110 of the Town Code. This Service Plan demonstrates that the Districts will be financially viable and able to provide the services and facilities described herein on a sound economic basis.
- 4. <u>Boundaries</u>. It is anticipated that the Districts will undergo adjustments to their current boundaries prior to issuance of the District Bonds contemplated in this Service Plan. The existing boundaries of the Districts, including certain boundary adjustments currently underway, are depicted on the map attached hereto as **Exhibit A**. The planned boundary adjustments depicted on **Exhibit A** will be completed prior to the first planned issuance of District Bonds.

The proposed final boundaries of District No. 1, District No. 3 and District No. 4 are depicted in the maps attached hereto as **Exhibit B-1**, **Exhibit B-2**, and **Exhibit B-3** respectively. Notwithstanding the foregoing, the Districts shall be permitted to include or exclude property located within the Service Area in accordance with the provisions of the Special District Act, without further consent of the Town, in order to accommodate changes in development, phasing and/or as necessary for financing. The Districts shall not include any property outside of the Service Area without the prior written consent of the Town.

- 5. <u>Population</u>. The Districts are comprised of primarily existing and planned future commercial development. There are no existing residents or residential development within the Districts. District No. 1, which will overlap with the Promenade at Castle Rock Metropolitan District No. 1 and will not impose a mill levy, is expected to include up to 350 multifamily residential units, representing an estimated build-out population of 525 residents
- 6. <u>Long-Term District Plan</u>. The Town Council may make an independent determination that the purposes for which the Districts were created have been accomplished, in which case the Districts agree to file petitions in the Douglas County District Court for dissolution in accordance with State law. In no event shall dissolution occur until the Districts have provided for the payment or discharge of all outstanding indebtedness and other financial obligations as required pursuant to State statutes, and until adequate provision, as determined by the Boards in their discretion, has been made for ongoing operation and maintenance of the Public Improvements.
- 7. Existing Services and Districts. There are currently no other existing entities located in the surrounding area with the ability and/or desire to undertake the design, financing and construction of the Public Improvements. It is also the Districts' understanding that the Town does not consider it feasible or practicable to provide the Public Improvements. Consequently, the powers and authorities requested under this Service Plan are deemed necessary. The level of the Public Improvements makes organization of the Districts critical so that both the construction and financing costs may be undertaken at acceptable levels.

- 8. Overlapping Districts. The Service Area overlaps with the service areas of the existing Promenade Districts. It is the intent of this Service Plan that the Districts shall work in conjunction with the Promenade Districts to benefit the residents, businesses and property owners of the Districts, the Promenade Districts and the Project. It is expressly contemplated that the boundaries of District No. 1 will overlap with the boundaries of the Promenade at Castle Rock Metropolitan District No. 1. To the extent any of the Districts overlap with one of the Promenade Districts, that District shall not be empowered to provide any services also being provided by the overlapping Promenade District.
- 9. <u>Multiple District Structure</u>. It is anticipated that the Districts will collectively undertake the financing and provision of the Public Improvements contemplated herein. The Districts may enter into one or more intergovernmental agreements which will govern the relationships among the Districts with respect to the financing, construction and operation of the Public Improvements.

III. NEED FOR THE DISTRICTS AND GENERAL POWERS

A. Need for the Districts

There are currently no other existing entities, including the Town, located in the surrounding area that are willing or immediately capable to undertake the planning, design, acquisition, construction, installation, relocation, redevelopment, financing, operation and maintenance of the Public Improvements. Consequently, the powers and authorities requested under this Service Plan are deemed necessary for the provision of the Public Improvements. The Districts and the Service Plan are therefore necessary in order for Public Improvements to be provided in the most timely and economic manner possible.

B. Purpose and Intent.

The purpose of the Districts will be to finance and provide the Public Improvements for the benefit of their property owners and residents. It is not the Districts' intent to provide ongoing services other than as specifically set forth herein, or as might be authorized by the Town from time to time. Should the purposes of the Districts change from what is stated herein, it shall be considered a material modification of this Service Plan and shall be subject to prior approval by the Town. The Districts acknowledge the need to cooperate with the Town in order to properly serve and promote the health, safety and welfare of its inhabitants and hereby expresses its intention to do so.

C. General Powers of the Districts

The Districts shall have the power and authority to plan, design, acquire, construct, install, relocate, redevelop, and finance the Public Improvements, within and without the boundaries of the Districts, as such power and authority is described in the Special District Act and other applicable statutes, common law and the State Constitution, subject to the limitations set forth in this Service Plan. The Districts will ensure that the Public Improvements are designed and constructed in accordance with applicable facility and service standards and specifications of the Town, other governmental entities having proper jurisdiction, and of those special districts that qualify as "interested parties" under Section 32-1-204(1), Colorado Revised Statutes. The Districts will comply with any and all Approved Development Plans, obtain the Town's approval of civil engineering plans and obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

The Districts shall dedicate the Public Improvements to the Town or other appropriate jurisdiction or owners association in a manner consistent with an Approved Development Plan and applicable provisions of the Town Code, provided that nothing herein requires the Town to accept a dedication. The Districts are specifically authorized to operate and maintain any part or all of the Public Improvements not otherwise conveyed or dedicated to the Town or other entity. The Districts shall also be specifically authorized to conduct operations and maintenance functions related to the Public Improvements that are not provided by the Town or other entity, or to the extent that the proposed operational and maintenance functions include services or activities that exceed those provided by the Town or other entity.

The Districts shall have the power and authority to provide all Public Improvements and related operation and maintenance services within and without their boundaries, as such power and authority is described in the Special District Act, other applicable statutes, common law and the Constitution, subject to any limitations set forth in this Service Plan. The Districts shall be authorized to provide public improvements and powers set forth in the Special District Act, including but not necessarily limited to the following:

services, along with all other activities permitted by law, will be undertaken in accordance with, and pursuant to, the procedures and conditions contained in the Special District Act, the Town Code, other applicable statutes, and this Service Plan, as any or all of the same may be amended from time to time.

IV. PRELIMINARY CAPITAL PLAN

A. General

The Districts shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, operation, maintenance and financing of the Public Improvements within and without the boundaries of the Districts, all in accordance with and as specifically defined in an Approved Development Plan. The Public Improvements include, but are not limited to, streets, sidewalks, public parking areas, water and sewer infrastructure, landscaping, grading, retaining walls, and other site amenities.

All of the Public Improvements authorized hereunder will be designed in such a way as to be in conformance with the standards of the Town and shall be in accordance with the requirements of an Approved Development Plan. All descriptions of the Public Improvements to be constructed, and their related costs, are estimates only and are subject to modification as engineering, development plans, economics, the Town's requirements, and construction scheduling may require. Upon approval of this Service Plan, the Districts will continue to develop and refine cost estimates contained herein for existing and proposed future Public Improvements. All construction cost estimates assume construction to applicable local, State or Federal requirements.

B. <u>Updated Five-Year Capital Expenditure Plan</u>

The Capital Plan for the Districts shall be to reimburse for Public Improvements previously constructed within the Districts, as well as to construct new Public Improvements for the Project, a pro-forma of which is attached hereto as **Exhibit E**. The Public Improvements depicted in **Exhibit E** describe projected expenditures by the Districts for Public Improvements in the first five years following approval of this Service Plan, which are anticipated to be financed from the proceeds of the first planned issuance of District Bonds as described in the Financial Plan. The provisions of the Capital Plan are preliminary in nature, and deviations from the specific capital expenditures presented in the Service Plan shall not constitute a material modification of this Service Plan. Future capital expenditures shall be undertaken in accordance with an Approved Development Plan and may be reimbursed out of the proceeds of subsequent future issuances of District Bonds.

V. PROPOSED AND EXISTING INTERGOVERNMENTAL AGREEMENTS

A. General

The Districts may enter into intergovernmental and private agreements in order to ensure that the long-term provision of the improvements and services authorized by this Service Plan, as well as the effective management thereof, shall be effectuated. All such agreements are authorized by Section 18(2)(a) of Article XIV of the Colorado Constitution and Sections 29-1-201, et seq., Colorado Revised Statutes.

B. <u>Intergovernmental Agreement between the Districts and the Town</u>

It shall be a condition to the authorization set forth in this Service Plan that the Districts and Town enter into the Master Intergovernmental Agreement, as contemplated by the Town Code, the form of which is attached hereto as **Exhibit D**. The Master Intergovernmental Agreement will describe and define the nature of the relationship between the Districts and the Town, and which will set forth various procedures and agreements regarding the construction, ownership, operation and maintenance of the Public Improvements within the Districts. The Town may provide that the Districts' approval and execution of a development agreement expressly satisfies this condition.

VI. FINANCIAL PLAN

A. General Provisions

The Districts shall comply with Chapter 11.02 of the Town Code. Unless expressly stated herein, the foregoing shall specifically include, but not be limited to, the requirements for filing annual reports and obtaining timely service plan amendments when material modifications occur, as the same are contemplated in Section 11.02.060 of the Town Code. Any and all requirements in the Town Code for ongoing quinquennial review shall be first triggered by the issuance of all or any series of District Bonds by the Districts.

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, and/or reimbursement for Public Improvements from revenues generated by and through the proceeds of District Bonds or any other lawful source of revenue, including Developer Advances. A pro forma Financial Plan is attached hereto as **Exhibit F**, which demonstrates that the Districts can reasonably discharge the District Bonds, consistent with the requirements of the Special District Act. The net proceeds of the District Bonds that the Districts shall be permitted to issue shall not exceed Twelve Million Dollars (\$12,000,000) (the "Debt Limit"), including costs of issuance, pre-financing costs, capitalized interest and reasonably required reserve amounts. The Districts shall be specifically authorized to issue District Debt payable from the District Debt Service Mill Levy and all other legally available revenues of the Districts. All District Debt shall be issued on a schedule and in such year or years as the Districts determine, subject to the Maximum Debt Maturity.

The Districts will have authority to construct the Public Improvements without the need to seek approval of any modification of this Service Plan; provided, however, that the Districts shall not be entitled to issue any District Debt if it is not in compliance with the Special District Act, Town Code or Master Intergovernmental Agreement.

In addition to *ad valorem* property taxes, and in order to offset the expenses of the anticipated construction costs, the Districts will rely upon various other revenue sources authorized by Colorado law. These include the power to assess fees, rates, tolls, penalties, or charges, as provided in Section 32-1-1001(1)(j), Colorado Revised Statutes.

The interest rate on any District Bonds or Developer Reimbursements is expected to be the market rate at the time the obligation is issued. In the event of a default, the proposed maximum interest rate on any District Bonds or Developer Reimbursements is not expected to exceed eighteen percent (18%). District Bonds and Developer Reimbursements, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

This Financial Plan demonstrates that the Districts will have the financial capability to discharge the District Bonds in accordance with the terms set forth herein, assuming reasonable increases in assessed valuation and assuming the actual rate of build-out. Potential risks related to the financing, including unforeseen market shifts that may impact the District's ability to issue the District Bonds as contemplated in this Service Plan. The provisions of the Financial Plan are preliminary in nature and deviations from the estimated development phasing or the timing of District Debt issuances presented in the Service Plan shall not constitute a material modification of this Service Plan.

B. Bond Issues

The Districts may issue District Bonds in multiple series as set forth in the Financing Plan, subject to prior Town review of the proposed financing as provided for in Section 11.02.110 of the Town Code.

1. <u>District Debt Service Mill Levy</u>. The District Debt Service Mill Levy shall be determined as follows:

The District Debt Service Mill Levy shall not exceed fifty (50) mills (a mill being equal to 1/10 of 1¢ per annum), provided that if, on or after January 1, 2015, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement; the District Debt Service Mill Levy may be increased or decreased to reflect such changes, such increases or decreases to be determined by the Boards in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted for changes occurring after January 1, 2015, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

Overlapping mill levies with another District or Promenade District shall not be permitted. Further, as it is specifically contemplated that District No. 1 will overlap with the Promenade Metropolitan District No. 1, District No. 1 shall not be empowered to impose a mill levy on the property within its boundaries.

- 2. <u>Maximum Debt Maturity</u>. The Districts shall not issue District Debt with a maturity date exceeding the Maximum Debt Maturity.
- 3. <u>Statutory Debt Restrictions</u>. In addition to ensuring that the issuance of District Bonds by the Districts is in compliance with the terms of this Service Plan, the Districts shall ensure that all such District Bonds comply will all provisions of State and Federal law governing the issuance of debt, the Town Code and the Master Intergovernmental Agreement.

C. <u>District Operations</u>

The Districts shall have the ability to pay for administration, operations and maintenance associated with the Public Improvements from all revenue sources authorized by Colorado law. Notwithstanding the foregoing, the mill levy imposed by the Districts for general operations (the "District Operations Mill Levy") shall not exceed fifteen (15) mills.

Said report shall be in the form prescribed by the Town and the Town Code and shall be due no later than September 1 of each year. The report shall reflect activity and financial events through the preceding December 31st, and shall include the information required by Section 11.02.040 of the Town Code.
- 2. At such time as the Districts cease to operate public facilities, have no outstanding debt, and are subject to administrative dissolution pursuant to then applicable Colorado law, the Districts shall be subject to dissolution as provided hereinabove.
- 3. Except as contemplated herein, material modifications of this Service Plan shall be subject to approval by the Town in accordance with the provisions of Section 32-1-207, Colorado Revised Statutes.
- 4. A written notice of every regular or special meeting of the Districts will be delivered to the Town Clerk at least seventy two hours prior to such meeting.

VII. CONCLUSIONS

It is submitted that this Service Plan for the Districts has established satisfaction of the following requirements set forth in Section 32-1-203(2), Colorado Revised Statutes:

- 1. There is sufficient existing and projected need for organized service in the area to be served by the Districts;
- 2. Existing services in said area to be served are inadequate for present and projected needs;
 - 3. The Districts are capable of providing economical and sufficient service to

the area within their boundaries;

- 4. The area included in the Districts has, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis;
- 5. Adequate service is not, nor will it be, available to the area through the Town or other existing municipal or quasi-municipal corporations, including special districts, within a reasonable time and on a comparable basis;
- 6. The facility and service standards of the Districts is compatible with the facility and service standards of the Town, for each municipality within which the Districts are located and for each municipality which is an "interested party" under Section 32-1-204(l), Colorado Revised Statutes;
- 7. The proposal is in substantial compliance with a master plan adopted pursuant to Section 30-28-108, Colorado Revised Statutes; and
- 8. The proposal is in compliance with any duly adopted local, county, regional, or State long-range water quality management plan for the area.
- 9. It is therefore respectfully requested that the Town Council of the Town of Castle Rock, Colorado, which has jurisdiction to approve this Service Plan by virtue of Sections 32-1-207, Colorado Revised Statutes, *et seq.*, adopt a resolution approving this Service Plan as submitted.

MASTER INTERGOVERNMENTAL AGREEMENT

TOWN OF CASTLE ROCK / CASTLE PINES COMMERCIAL METROPOLITAN DISTRICT NOS. 1, 4 AND 4

DATE: December 16, 2014.

PARTIES: TOWN OF CASTLE ROCK (Town), a home rule municipal corporation, 100 Wilcox Street, Castle Rock, Colorado 80104.

CASTLE PINES COMMERCIAL METROPOLITAN DISTRICT NOS. 1, 4 AND 4, (Districts), quasi-municipal corporations and political subdivisions of the State of Colorado, c/o White Bear Ankele Tanaka & Waldron, 2154 E. Commons Ave., Suite 2000, Centennial, CO 80122.

RECITALS:

- A. The Districts were organized by order and decree of the Douglas County District Court for the purpose of developing public infrastructure to support development within the boundaries of the Districts.
- B. As required by the Special District Act and Chapter 11.02 of the Castle Rock Municipal Code, the Districts have submitted a Service Plan which was approved by Resolution No. _____ of the Castle Rock Town Council on December 16, 2014 (Service Plan). The Service Plan reflects current capital development and financial projections for the Districts on a consolidated basis. The Council's approval of the Service Plan and the organization of the Districts was conditioned on the Districts entering into this Master Intergovernmental Agreement, which sets forth, among other things, the parameters of the Districts' authority to finance and construct public improvements.
- C. The constitution and laws of the State of Colorado permit and encourage cooperative efforts by local governmental entities to make the most efficient and effective use of their powers, responsibilities and resources. Due to the fact that the Districts' boundaries are entirely located within the Town limits, and the Town provides municipal services within the Districts' boundaries, the limitations and restrictions on the exercise by the Districts of the powers and duties granted it under the Special District Act are appropriate and necessary to protect the health, safety and welfare of the residents and citizens of the Town.

ARTICLE IV BOND ISSUANCE

4.01 Bonds. The Districts shall only issue Bonds in accordance with the requirements of the Service Plan, the Special District Act, and other applicable provisions of the laws of the State of Colorado.

- **5.01** Generally. The Service Plan contains certain responsibilities, restrictions and limitations on the Districts which may not be separately set forth in this Agreement. - 5.02 <u>Service Plan Amendment</u>. The authorization to the Districts under the terms of the Service Plan and this Agreement is given by Town on reliance upon certain development and financial assumptions and projections in the Service Plan. Although these projections and assumptions are based upon the best information available at this time, such assumptions and projections may prove to be materially inaccurate. Accordingly, a Service Plan amendment shall be submitted by Districts to Town for Town review and approval when required under the SDO and Special District Act.

- 5.03 <u>Town Review</u>. Annually, not later than the date Districts are required to submit the annual report under the SDO, the Districts shall furnish to Town an accounting of all actual revenues and expenses, and accumulated reserves for the preceding calendar year, in substantially the same format as the Financial Plan, such that Town can compare the experience of the Districts with the projections in the Financial Plan. - **5.04 Statutory Review**. The review of the Service Plan and the approval of this Agreement shall constitute a quinquennial review of the Districts' reasonable diligence. The second statutory review of Districts' applications for the quinquennial finding of reasonable diligence under the Special District Act shall take place in 2019, to be completed not later than July 1, 2020.

ARTICLE VI LIMITATIONS ON DISTRICTS' POWERS

- 6.01 Restrictions on Expansion of Districts' Powers. The parties acknowledge that the Service Plan was approved by the Town solely for the purpose of providing, acquiring, constructing, installing, completing, and reimbursing for the Facilities and providing or causing to be provided the services authorized pursuant to this Agreement and described in the Service Plan, and for no other purpose. The Districts shall not engage in any activity, purpose, service or function except as stated in this Agreement and in the Service Plan or as reasonably required for the Districts to accomplish such purposes, responsibilities and obligations. Town shall not interfere with the exercise by Districts of any of their lawful powers except as the exercise thereof is specifically limited by this Agreement and the Service Plan.
- **6.02** Extraterritorial Authority. Districts will not engage in any service or activity outside the Service Area (as the same may be modified, from time to time, in accordance

with the Service Plan), except as such Facility, service or activity is described in the Service Plan or is necessary to the provision of Facilities or services within their boundaries, or where the Districts have obtained the Town's prior approval.

The approval of the Service Plan or this Agreement shall in no manner restrict the Town Council from applying Town Regulations within the Project (even though Town Regulations may have an effect of limiting or delaying development or making development more costly to the landowner and/or Districts), provided the Town Regulations are:
 - (a) a lawful exercise of the Town's police powers; and
 - (b) not in contravention of express covenants of the Town Requirements, the Service Plan, or this Agreement.
- **7.02** <u>No Claims</u>. The Districts shall have no legal or equitable claim against Town as a result of the Town taking or imposing any of the following actions if otherwise a lawful exercise of the Town's powers:

 - (b) final payment or discharge of all outstanding indebtedness of the Districts is completed as required pursuant to Colorado law; and
 - (c) adequate provision is made for ongoing operation and maintenance of the Facilities.

The defaulting party shall have twenty (20) working days from receipt of such notice within which to cure such default before the non-defaulting party may exercise any of its remedies

hereunder; provided that:

(a) such default is capable of being cured;

(b) the defaulting party has commenced such cure within said 20-day period; and

(c) the defaulting party diligently prosecutes such cure to completion.

If such default is not of a nature that can be cured in such twenty (20) day period, corrective action must be commenced within such period by the defaulting party and thereafter diligently pursued. In addition to specific remedies provided elsewhere in the Agreement, upon default, the non-defaulting party shall have the right to take whatever action at law or in equity appears necessary or desirable to enforce the performance and observation of any obligation, agreement or covenant of the defaulting party under this Agreement, or to collect the monies then due and thereafter to become due. MASTER INTERGOVERNMENTAL AGREEMENT

TOWN OF CASTLE ROCK

AND

CASTLE PINES COMMERCIAL METROPOLITAN DISTRICT NOS. 1, 3 AND 4

January 6, 2015

MASTER INTERGOVERNMENTAL AGREEMENT

TOWN OF CASTLE ROCK / CASTLE PINES COMMERCIAL METROPOLITAN DISTRICT NOS. 1, 4 AND 4

DATE: December 16, 2014.

PARTIES: TOWN OF CASTLE ROCK (Town), a home rule municipal corporation, 100

Wilcox Street, Castle Rock, Colorado 80104.

CASTLE PINES COMMERCIAL METROPOLITAN DISTRICT NOS. 1, 4 AND 4, (Districts), quasi-municipal corporations and political subdivisions of the State of Colorado, c/o White Bear Ankele Tanaka & Waldron, 2154 E.

Commons Ave., Suite 2000, Centennial, CO 80122.

RECITALS:

- A. The Districts were organized by order and decree of the Douglas County District Court for the purpose of developing public infrastructure to support development within the boundaries of the Districts.
- B. As required by the Special District Act and Chapter 11.02 of the Castle Rock Municipal Code, the Districts have submitted a Service Plan which was approved by Resolution No. 2015.04 of the Castle Rock Town Council on December 16, 2014 (Service Plan). The Service Plan reflects current capital development and financial projections for the Districts on a consolidated basis. The Council's approval of the Service Plan and the organization of the Districts was conditioned on the Districts entering into this Master Intergovernmental Agreement, which sets forth, among other things, the parameters of the Districts' authority to finance and construct public improvements.
- C. The constitution and laws of the State of Colorado permit and encourage cooperative efforts by local governmental entities to make the most efficient and effective use of their powers, responsibilities and resources. Due to the fact that the Districts' boundaries are entirely located within the Town limits, and the Town provides municipal services within the Districts' boundaries, the limitations and restrictions on the exercise by the Districts of the powers and duties granted it under the Special District Act are appropriate and necessary to protect the health, safety and welfare of the residents and citizens of the Town.

- 5.02 <u>Service Plan Amendment</u>. Town shall not interfere with the exercise by Districts of any of their lawful powers except as the exercise thereof is specifically limited by this Agreement and the Service Plan.
- 6.02 <u>Extraterritorial Authority</u>. Districts will not engage in any service or activity outside the Service Area (as the same may be modified, from time to time, in accordance

with the Service Plan), except as such Facility, service or activity is described in the Service Plan or is necessary to the provision of Facilities or services within their boundaries, or where the Districts have obtained the Town's prior approval.

6.03 Change of Districts Boundaries. The Districts shall neither cause any additional territory outside the boundaries of the Service Area provided for in the Service Plan to be included within or excluded from the Districts' boundaries without first obtaining Town approval, or unless otherwise authorized in the Service Plan.

- **7.01** Generally. As a general-purpose municipal corporation, the Town adopts and administers policies, rules and regulations, principally through the Town Regulations. The approval of the Service Plan or this Agreement shall in no manner restrict the Town Council from applying Town Regulations within the Project (even though Town Regulations may have an effect of limiting or delaying development or making development more costly to the landowner and/or Districts), provided the Town Regulations are:
 - (a) a lawful exercise of the Town's police powers; and
 - (b) not in contravention of express covenants of the Town Requirements, the Service Plan, or this Agreement.
- **7.02** No Claims. The Districts shall have no legal or equitable claim against Town as a result of the Town taking or imposing any of the following actions if otherwise a lawful exercise of the Town's powers:

 - (b) final payment or discharge of all outstanding indebtedness of the Districts is completed as required pursuant to Colorado law; and
 - (c) adequate provision is made for ongoing operation and maintenance of the Facilities.

hereunder; provided that:

(a) such default is capable of being cured;

(b) the defaulting party has commenced such cure within said 20-day period; and

(c) the defaulting party diligently prosecutes such cure to completion.
