NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ATLANTA, GEORGIA, that the Public Safety/Legal Administration, Community Development/Human Service, and Finance/Executive Committees of the Atlanta City Council are hereby requested to conduct a feasibility study and compile comprehensive recommendations regarding the establishment within the City of Atlanta a newly formed Department of Public Safety and Wellness.

BE IT FURTHER RESOLVED, that the Public Safety/Legal Administration, Community Development/Human Service, and Finance/Executive Committees shall at a minimum consider as part of the feasibility study and comprehensive recommendations:

- a) Establishing a new Department of Public Safety & Wellness consisting of a newly formed division, offices, and positions to successfully address emergency and non-emergency functions;
- b) Establishing a new position of Commissioner for Department of Public Safety & Wellness to report directly to the Mayor;

- 
- c) Establishing a new hybrid Division of Non-Emergency Response (Community-Based Safety Response) under the newly formed Department of Public Safety and Wellness that will be responsible for all non-emergency and community service functions that were previously handled by Atlanta Police, Fire and Rescue and Constituent Services. This new division will liaise with Atlanta Police Department to ensure the protection of these first responders when in the field and eliminate the criminalization of poverty;
 - d) In accordance with Mayor's assessment plan to close and repurpose Atlanta City Detention Center, support current Chief of Department of Corrections & personnel redeployment plan and consider reallocation to newly created positions within newly formed Division of Non-Emergency Response and ensure proper training is available;
 - e) Review roles and responsibilities within Atlanta Police and Fire and Rescue Departments to determine the necessity of a sworn officer performing administrative functions as opposed to a non-sworn member handling these responsibilities. This assessment will increase sworn officers in the field, focused on department core mission addressing emergency services;
 - f) Compile an analysis on the cost and requirements to establish a non-emergency response number (such as 611 or an alternative number) for residents to address non-emergency issues or mental health crisis occurring within the city;
 - g) Evaluate establishing an Office of Communications under Department of Public Safety and Wellness for city emergency and non-emergency communication to support emergency response calls (911), newly established non-emergency response number (such as 611) and city service calls (311) to streamline efficiencies and bring city emergency and non-emergency communications under one office;
 - h) Evaluate removing independent Offices of Professional Standards from the Atlanta Police, and Fire and Rescue Departments to standardize Office of Professional Standards under one office streamlining administrative functions, including, but not limited to, officer complaints and investigations, allowing for an unbiased and independent review under new Department of Public Safety and Wellness. This newly formed office would liaise with newly formed Office of Inspector General and Atlanta Citizen Review Board in an opportunity to rebuild community trust;
 - i) Evaluate removing administrative functions of Licensing & Permitting from the Atlanta Police Department Special Enforcement Division to newly formed Division of Non-Emergency Response with the function of enforcement remaining with Atlanta Police Department;
 - j) Evaluate removing Code Enforcement from under Atlanta Police Department to a service function under new Division of Non-Emergency Response, due to it being a non-emergency function under Atlanta Police Department that does not require a sworn officer;

- k) Evaluate moving Constituent Services under new Division of Non-Emergency Response given city services calls (311) will be aligned with newly formed Office of Communications under newly formed Department of Public Safety and Wellness;
- l) Evaluate removing Community Services Division (community policing, Airport section, PATH, PAL & Community Liaise) from Atlanta Police Department to new Division of Non-Emergency Response under newly formed Department of Public Safety due to the non-emergency and administrative functions of this current division;
- m) Based on Mayors desires to address the morale of City of Atlanta emergency personnel, evaluate establishing programs to support the morale of the members of the newly created Department of Public Safety and Wellness;
- n) Develop strategy for filling 350 budgeted vacancies within the Atlanta Police Department, both to support the newly created non-emergency response unit as well as creating a pipeline program to support recruitment of new sworn officers, including partnering with non-profit organizations such as the Atlanta Police Foundation to offer prospective officers incentives like a sign-on bonus and down-payment assistance to help purchase a home within the city limits;
- o) Immediately establish a working group, including the Chief Judge of the Municipal Court, Southern Center for Human Rights, City Solicitors Office, County Solicitors Office, Public Defenders Office and any other necessary organization deemed appropriate, to perform an evaluation and reassessment of the current cash bail/signature bond system that would seek to improve the current structure to account for the circumstances of accused persons' who come before the court frequently. The scope of the working group should include, but not limited to, promulgating recommendations for non-financial conditions allowing for the accused to comply with orders of the court and receive care and or services through access to programs made available by Solicitors Office, Public Defenders Office and or Policing Alternative & Diversion Initiative for monitoring and support in order to avoid the assessment of pre-trial penalties until matters are adjudicated;
- p) Evaluate establishing a partnership with Fulton County and Atlanta Public Schools to create a comprehensive action plan and timeline to identify a collaborative pathway to improve outcomes for at-risk youth and deter them from entering the criminal justice system;
- q) Evaluate establishing a partnership with Fulton County and Atlanta Public Schools to identify and support required funding needed to extend the Atlanta Public School Family Center to support after-work hours (crisis hotline) including weekend support for mental health, substance abuse, and non-emergency crisis, routing these calls directly to newly established non-emergency response number;
- r) Establish a working group comprised of nonprofits and conflict specialists working in collaboration to evaluate building a network of community conflict resolution centers with a goal of providing mediation and conflict resolution services to Atlanta communities dealing with gang and family violence;

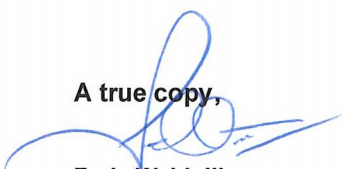

- s) Evaluate a strategy of identifying and applying for grants which may be utilized to address systemic economic inequities in Black and Brown communities as a means of enhancing public safety and community wellness;
- t) Evaluate establishing an immediate public and private partnership with the Atlanta Police Foundation to create an action plan and identify funding to build The Center for Social Justice and Public Safety Training Center, a state-of-the-art public safety training facility for all new officers and regular continuing education for current officers;
- u) Establishing a timeline to evaluate extending and expanding existing training curriculum for future incoming officers and execute a mandatory retraining of all officers in alignment with the Mayor's Excessive Force Committee recommendations;
- v) Establishing salaries, budgets and qualifications required of newly formed department, divisions, offices, and positions based on industry standards and other adequately sized municipalities; and
- w) Evaluate the implementation of the Mayor's Use of Force Advisory Council recommendations, such as #20 & #21, committing to eliminating performance evaluation systems and disciplinary actions that incentivize officers to make unnecessary arrest and committing to incentivizing diversion instead.

BE IT FURTHER RESOLVED, Council will convene within thirty (30) days following the approval of this Resolution, to identify a consulting firm to perform the study in partnership with the Public Safety/Legal Administration, Community Development/Human Services and Finance/Executive committees, a subcommittee shall be formed to include the author of the legislation, and the Chairs of the Public Safety/Legal Administration and Finance/Executive Committees to assess the associated costs and the next steps for funding, and jointly hold no less than two (2) work sessions with community partners and organizations, experts in public safety and the public on establishing a newly formed Department of Public Safety and Wellness.

BE IT FURTHER RESOLVED, the designated consulting firm identified by Council and the Public Safety/Legal Administration Committee, Community Development/Human Services, and Finance/Executive Committees shall submit formal recommendations of its findings to all council members and administration for establishment of new Department of Public Safety and Wellness within ninety (90) days upon the engagement of the consulting firm identified pursuant to this Resolution.

BE IT FURTHER RESOLVED, that this resolution shall be effective immediately upon approval.

BE IT FINALLY RESOLVED, that all resolutions or parts thereof in conflict with this ordinance are hereby waived to the extent of the conflict.
