Sri Amutha hair extensions are unparalleled because the virgin hair used only has cuticle layers facing the same direction from root to end. This ensures that the extensions behave exactly like your own hair and guarantees natural wave, fullness, luster and remarkable usability. Our hair is light in weight and supple which gives it natural flow and movement. Chemically free, our hair will enhance the length, color and texture of your natural hair leaving you with a flawless and refined weave or hair extension style. Our hair can be reused up to a year. It can be washed, blow dried, curled, flat ironed, colored and permed while still maintaining its original beauty and vitality.
