In this 8-session weekly class, we will look carefully and explore the "elements of art" including color, line, pattern, shape, and texture among others while helping students to find enjoyment and confidence in creating their own personal vision in their artworks.

Our virtual ArtReach art class will provide weekly assignments based on emphasizing new ways of seeing as well as abstracting from nature. We will also discuss and be inspired by selected art works from both 20th and 21st century artists.

**Art Materials:**

White medium weight paper, colored pencils, markers, watercolor paints acrylic (optional), collage materials, found objects, glue sticks, scissors
