

FRANKE

HIGHLIGHTS

2025

The recipe for a healthier future

We're on a mission to help create a more sustainable planet, one innovation at a time. From designs built with the use of sustainable materials, to efficiency optimization and waste reduction, we act responsibly throughout our business and beyond for positive long-term impact.

Making responsible decisions.

New products, less paper.

Our 2025 collection confirms our dedication to a more sustainable future while continuing to inspire. Only this brochure devoted to the new products for 2025, will be printed this year. By making this choice, we can use less paper while still giving a focused and current summary of our most recent products. Nonetheless, the whole COLLECTIONS 2025 collection is still digitally accessible and can be accessed at any time on our website, [Franke.com](https://www.franke.com). This will allow you to easily discover all of our products, innovative materials, and timeless classics. You will shortly receive a newsletter alerting you to this change. We are proud to continue combining performance, aesthetics, and environmental responsibility for a positive and lasting impact.

For a sustainable future.

Maris Care Fragranite Bowl

Breaking barriers in kitchen accessibility

Introducing the new Maris MRG 610-60 Care bowl – a testament to Franke’s commitment to inclusive design. Engineered with precision and crafted from Franke’s signature Fraganite material, the shallow bowl ensures easy reach and convenience for wheelchair users or anyone that prefers to sit while preparing a meal. In addition its built-in top ledge, designed to facilitate the use of the dedicated accessories, allows a more comfortable and ergonomic food preparation experience for all users.

With its modern design and colour choice, the Maris Care bowl blends seamlessly into any kitchen, enhancing both functionality and style, making this bowl more than just a fixture; it’s a statement of accessibility and elegance, for a kitchen that welcomes everyone with open arms. Experience the difference with the Maris MRG 610-60 Care – where design meets inclusivity.

Mythos Water Hub

We've gone all-in-one
WATER YOUR WAY

Enjoy all your favourite water experiences in one tap

Sorry, you may need to find new uses for your old ice trays, soda carbonator and kettle thanks to the new Mythos Water Hub, an innovative all-in-one home water solution that allows you to easily choose and instantly access your preferred choice of water including instant boiling, ambient, chilled, and sparkling.

For all tastes

With a 6-in-1 design approach, you and your guests have a choice of hot or cold water and four special filtered water functions: instant boiling, chilled, ambient, and sparkling. Water your way is now at a touch of the tap.

Simplicity under the sink

With its multifunctional system and one box compact solution featuring electronic LED indication for intuitive and easy handling, the new Mythos Water Hub can be easily installed underneath the sink, saving space within the kitchen.

Stay connected

A dedicated App enables users to set water parameters of different functions, ensuring a personalized water experience and a more harmonious everyday lifestyle. They can set the boiling water temperature, the carbonation level or the quantity of water dispensed in the continuous flow functions. For extra safety, a Child Lock function can be activated to prevent easy access to the special functions on the tap. In addition, the users can check the system status and order required device consumables.

Healthier home, healthier planet

Due to having filtered and sparkling water readily available, you can reduce the need for plastic bottles in your home by up to 99%. A small switch for a greener future.

Turn the left knob for instant boiling, ambient, chilled, and sparkling water.

0-90°

Turn the right lever for regular cold and hot water.

Consumables

Pro M Connect Filter

It prevents limescale formation in the boiler, removes contaminants and stabilises good minerals in the water. The integrated RFID technology* ensures that the Franke device shares a notification when the filter needs to be changed.

Replacement cartridge
150.0717.797

Clear Water Connect Filter

An optional replacement filter with integrated RFID technology* for homes with an existing main water filtering system or where the main water supply is particularly low in limescale.

Replacement cartridge
150.0722.734

CO2 Cylinder

Made in steel and pressurised for safe transportation without loss of gas, and featuring easy turn fixation and release system allowing simple access.

Clear Water Connect Filter

After using the system for some time, depending on the main water quality, the device as well as the app will suggest a system clean using a specific chemical tablet.

112.0699.241

To order please call **01782 599 258** or visit **central-servicesuk.co.uk**

A touch of style

The Mythos Water Hub tap is available in Stainless Steel, Matt Black and in a range of stylish metallic finishes - Gold, Copper, and Anthracite. It features an advanced electronic control system with LED lighting, seamlessly combining striking aesthetics with exceptional ease.

Stand-by

Available to activate with a touch.

Boiling

Instant filtered boiling water is ideal for preparing hot drinks, such as tea and coffee, and cooking food, saving time and energy.

Ambient

Instant ambient filtered water ensures each glass is pure, safe and delicious.

Sparkling

Instant filtered sparkling water, for better digestion and healthy alternative to sugar drinks.

Chilled

Instant filtered chilled water frees up fridge and freezer space while shortening the time to prepare refreshments.

Sparkling medium

Instant filtered sparkling water with lighter carbonation for more delicate palates.

Simply push the electronic control to activate, then turn and select the desired water function, following the colours shown and push and hold to start the water flow. Once you have the amount of water you need, just release the control. Alternatively, after selecting the desired water function, push the control two times for a continuous water flow of 1L for boiling and 0,5L for the other functions, or three times for 2L for boiling and 1L for the other functions. These water flow volumes can be customized at any time via the dedicated Franke App. The water flow will stop automatically according to the selected water function.

Maris Water Hub

Instant boiling water is now on tap
WATER YOUR WAY

The pleasure of instant boiling water

Why waste time and energy boiling the kettle when you can access boiling water whenever you like? Franke is proud to present the new Maris Water Hub, a compact 3-in-1 home water device that instantly serves boiling water at the touch of a tap so you can focus on what matters at home.

Scan to discover
more about Maris
Water Hub

Enjoy more kitchen space

Featuring tap, boiler, filter and filter head with a compact design that's easy to install underneath the sink granting you more room above.

Bye-bye energy waste

Thanks to innovative design and an A energy rating, the Maris Water Hub boils water in a more efficient way compared to a traditional kettle which involves significant energy usage and potential waste.

PRO M
FILTER
SAFE AND
EASY TO
CHANGE.

The choice is yours

Choose from a mechanical tap with a 4L boiler or an electronic tap with a 4L or 7L boiler. Both versions available with a 1700L filter for maximum convenience.

The look you prefer

Available in Chrome, Matt Black, Decor Steel, Gold, Copper, and Anthracite finishes, to match any Franke product and create a seamless kitchen aesthetic.

Optional Accessories

4-in-1 Filtration Kit

112.0712.978

£274

Convert your Maris Water Hub into a 4-in-1 home water device featuring an additional stream of filtered water made possible by a hydraulic box that neatly fits underneath the sink.

Mixing Valve

112.0728.340

£166

If you do not have mains hot water, for example if you have a gravity-fed system, you can use the optional Mixing Valve to blend the boiling water from the boiler with your mains cold feed, in order to provide up to 55°C warm water. In other cases, if a mains hot water supply is present but takes a long time to reach the kitchen tap, this valve act as a bypass integrating the mains water with the boiler to offer hot water instantly to the tap.

Mythos Masterpiece Wall Hood

The art of extraction

The Franke Mythos Masterpiece collection now features a new exceptional wall mounted hood. Crafted to captivate with contemporary design and profiles available in three striking finishes: Anthracite, Gold, and Copper.

Wall Design

The Wall Hood is a minimalist's dream, seamlessly blending into modern kitchens with its streamlined design. The innovative handle-free filter, designed for extremely easy handling, perfectly matches the colour and material of the entire hood. Beyond the hood's striking looks, it offers exceptional practicality. Thanks to its flexible installation options, it supports both ducting and filtering setups and can be paired with a matching chimney for an even more seamless, cohesive look.

Innovative Lighting

Equipped with a LED strip, it allows you to adjust the lighting to suit any mood, thanks to its dimmable and tunable functions. Thanks to its flexible installation options, it supports both ducting and filtering setups and can be paired with a matching chimney for an even more seamless, cohesive look.

Sophisticated Connectivity

Featuring K-Link connectivity, this hood effortlessly synchronizes with your Masterpiece hob. Each hood boasts a unique design and offers decorative profiles in three striking finishes: Anthracite, Gold, and Copper.

Seamless Connectivity

Embrace unparalleled convenience thanks to K-Link connectivity, a seamless integration that synchronises your hob with selected Franke hoods, automatically optimising ventilation and freeing you from manual adjustments. Elevate your cooking experience to one of effortless sophistication, craft an elegant, enduring, and intelligent space with the Franke Mythos K-Link Hob in its matt black finish.

Durability

This hob is designed with a unique matt texture that limits the visibility of scratches by five times when compared to standard glass. It not only diminishes the appearance of scratches and fingerprints but also allows for faster cleaning than typical surfaces. It includes five cooking zones, featuring two Flexi zones, all of which are conveniently controlled through dedicated touch sliders with premium white digits.

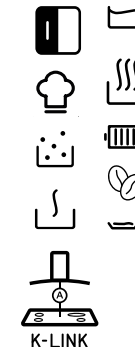

Mythos Masterpiece Hobs

Elite Slimline Food Waste Disposers

Cook like a chef, grind like a master

Clean up after mealtimes as skillfully as you prepare them thanks to the new Franke Elite Slimline range of food waste disposers. Each is designed to be a daily family assistant, helping to manage food waste easily, reduce risk of germs and odours, and offer a more sustainable approach to everyday kitchen life.

A powerful performance

Thanks to innovative Twist Force technology that offers exceptional grinding power, you can expect fast and efficient results without jamming. A hygiene safeguard also fights against the growth of bacteria and unpleasant odours with its antimicrobial protection.

Details that deliver

Each waste disposer features a high-flow splash guard ensuring the grinding chamber is left clean, Sound Soft Technology for noise reduction, and a strong Magnetic Rim on selected models to attract kitchen utensils and other miscellaneous metal objects.

Franke innovation doesn’t end with sinks and taps.

We strive to make your life easier in every aspect of your kitchen with a range of convenient and practical kitchen solutions. From dealing with unsightly household waste in a hygienic manner to effortlessly sorting waste for recycling, they are designed to save time and to incorporate kitchen essentials discreetly into kitchen units, so that you can maintain a clean, uncluttered kitchen.

Tap Brace

Connects the tap to the worktop for extra support Variable collar fits on any model of tap. Can be used on any stainless steel inset sink.

It's always been in our heritage to meet your **needs.**

Beautiful and made for real-life use. Steel represents our kitchen ideal.

The sheer quality of Franke products can be seen and felt. We use AISI 304 18/10 steel, which is produced in Italy and Europe: a choice that reflects our dedication to quality, one of our core priorities over the 100-plus years of our history.

Strong and robust, it maintains its brilliance over time, making it the defining feature of the living spaces in which it is installed.

Its superb technical features ensure that it is always in demand, and highly appreciated by professionals in the haute cuisine sector: furthermore, stainless steel is an extremely hygienic material, and is easy to clean and recyclable. Aesthetically pleasing and functional to use: stainless steel really represents quality in shining armour.

Customer Care and Technical Assistance

Our expert team are always on hand to service and repair your boiling water taps, waste disposal units and cooker hoods, both in or out of warranty.

Offering UK-wide coverage, our technicians can visit any location at your convenience; doing whatever is needed to get things up and running again as soon as they can.

What's more, our consumer care team can provide further After Care service, with spare parts available from our Central Services website.

Guaranteed peace of mind

We're so confident in the quality of our products, that every Franke sink is guaranteed for 50 years, while our waste disposal units are covered for 10 years – more than any other brand.

In addition, all our sinks are fully compliant with BS EN13310 and all our manufacturing processes are ISO9001 certified.

Franke taps are guaranteed for 1 year on the finish (5 years for Stainless Steel taps) and 5 years on valve mechanisms and working parts. The guarantee on filtered and instant boiling water taps is shown on the relevant page.

Franke Appliances & Hoods are guaranteed for 2 years. The guarantee covers the cost of parts and labour in the event of a breakdown, caused by mechanical or electrical failure of the appliance.

For details on our warranties visit
