

# CATALYST

THERAPIES

March 17, 2020

These are unprecedented times. Here at Catalyst we are striving to help keep our community safe and at the same time continue to provide the services you need.

We are cancelling all visits in the clinic until further notice. In the interim, we will be contacting each one of you to discuss the details of transitioning visits to an online video conferencing platform.

Additionally, we will be offering "Outdoor OT" to those who are interested. If you choose to participate in outdoor OT, we ask that you only come if everyone in the family is absolutely HEALTHY. Parents must attend and participate in all activities.

Warmly,

Carli Barrios
