From The East

Worshipful Master Vick Fiore

Greetings from the East My Brothers,

Happy Easter! I hope that you all have a very enjoyable Easter with your families.

The year is passing quickly, and April is shaping up to be a very busy month for the Lodge. We will be reviewing legislation at our meeting on April 5th, and please help us if you are able with the Lodge Work Day scheduled for April 23rd.

Also, the sale of the Lehigh Lodge is looking good, and we will continue to give updates on the status. We enjoyed a fun movie night on March 15, and the officers and I are planning to bring more entertaining nights like that to the Lodge.

Again, I would like to extend an open invitation to wives, children and family to dinners, and hope to see more Brothers at our Lodge meetings as we continue through the year.

Very sincerely,

Vick

2022 Dues Reminder

Senior Warden's Message

Brother Tom Knafel

Greetings from the West Brothers,

My thoughts for this Trestleboard edition are all about a number of Brothers that deserve a big thanks from all of us. Dave Foote & Eddie Sanchez have spent a great deal of time identifying and pricing the many improvement and maintenance items that the Lodge needs. This work is critical to the building and finance committee's efforts to prioritize projects while being good stewards of our lodge finances. Additionally, many of you know that our Secretary, Randy, heads the committee for the sale of the Lehigh building. What you probably don't know is the number of hours that he has put into leading this effort. We are in a good place as it relates to the sale and he is the major reason why. The 2022 kitchen team of Aaron & Shawn have been doing a terrific job serving up dinners. It is a feat that is especially amazing when you consider our J.W.'s preferences in cuisine. Last, you may have noticed a number of improvements to the Lodge's general upkeep. While a number of people contribute to this, none as much as our J.W. Whether it's mopping the dining room, trimming hedges, meeting contactors or any number of other tasks, Aaron has been putting many hours into our building. I hope that all of you will join me thanking these Brothers, as well as those that I have missed, for their dedication.

Fraternally,

Tom

Junior Warden's Message

Brother Aaron Averhart

Greetings From the South,

I hope this finds everyone healthy and happy. We are nearing the end of March as I write this, and I am amazed at the speed with which this quarter of a year has passed! It has been an honor to serve as your Junior Warden thus far, and I look forward to more great things to come in 2022! As we settle into our groove, so to speak, the kitchen has followed suit. With the help of Brother Shawn Hubbard, we have been preparing good hot meals, served on time to the waiting Brethren. Please make sure you express your thanks to Brother Shawn for all of his hard work and dedication to our Lodge as the Senior Steward. If you are interested in becoming a part of the kitchen crew in any capacity, please contact me at 239-995-8837 or cmndraverhart@gmail.com and I greatly thank you for your consideration Brothers.

On Saturday, April 23, 2022, from 8 to 11 am, Tropical Lodge will be holding a Lodge and Grounds Workday. In the past, not only have these days been productive and helped to improve the general appearance of the Lodge and grounds, but they have also been a fantastic bonding experience, providing a chance for Brothers to get together and have some fun while at the same time giving something back to our Lodge. For just a few short hours, I would like to work on the outside the building, and if scheduling permits, get inside for some extra cleaning of the kitchen, dining hall and anywhere else that requires it. We also have small projects which we are able to accomplish on these workdays, aside from general maintenance and upkeep. Your particular skill set may be the one item we need to complete a project! These promise to be productive and fruitful days for the Lodge, providing we have your support. "Many hands make light work" is more than just a saying, and can truly help make these days short, manageable, and enjoyable!

Junior Warden's Message (Cont'd)

Brother Aaron Averhart

We will be doing this on the last Saturday of every month, unless it conflicts with something on the calendar or a rental opportunity, and I hope you will consider coming out and joining us for some fresh air, honest work, and great fellowship. It is open to officers and Brothers alike, and offers a chance for all to be involved! Keep an eye on your email, the Lodge page on Facebook, and the official Lodge calendar at www.tropical56.org for updates. In a short collective 10 man hours, we have already tamed 2/3 of the jungle that is our overgrown landscaping, and once these larger issues are dealt with, Lodge work days will be only light maintenance and specific projects.

Please consider this, if you take away nothing else, we all take a little more pride in the things we have some ownership of! With that, I urge you to come join us as we return to the basics, working together hand in hand to accomplish that most worthy goal of charity; for the betterment of ourselves as Masons, and the Lodge we all take so much pride in! Come be a part of Tropical Lodge my Brothers.

It is a continued pleasure to serve the craft and I thank you again for that privilege. I look forward to seeing you at our next meeting and also thank you for your continued support of Tropical Lodge No. 56 and her officers.

Fraternally Yours,

Aaron

Committee Activities

Public Education and Citizenship Committee

The Grand Lodge of Florida's Public Education and Citizenship program is designed to teach citizenship primarily through our public education system. The program challenges each Lodge to exceed 100 points, and we want Tropical Lodge to participate in this valuable and rewarding program.

The report section (from 2020) on page 9 from The Grand Lodge of Florida has suggested activities for community involvement. We are asking that you look it over and share your ideas of which activities Tropical Lodge might be able to do, and what individuals or groups might participate in them or benefit from them. The Grand Lodge has guidelines for these activities, and we will determine the feasibility of any suggestions given.

Some of these activities can be carried out by friends or family members of Freemasons, but it needs to be organized by the Lodge to apply. Depending on which activities we choose, fund raising may need to take place. Please consider getting involved as we grow this program which will help the community and introduce people to who we are.

Please contact:

Committee Chairman John Gavin

Email: john.gavin@gavinsace.com

Trestleboard and Communications Committee

We welcome and encourage any Brother to submit articles, stories, pictures, or any other information that might benefit the Craft through the Trestleboard. In addition, anyone who wishes to be a Trestleboard booster or has a business that you wish to advertise in the Trestleboard, please email Bro. Chris Tilman at tilmanclan@gmail.com.

Building Committee

The Building Committee has been very active identifying ways to improve both the appearance of the building and property, and to make it more efficient to reduce the costs of operation. We are talking with contractors and getting pricing for drop ceilings throughout the Lodge and repairing/resealing the exterior doors to further reduce air losses and electricity costs.

There are many other simple improvements that we have identified that really just require some elbow grease and determination... and the Lodge needs Brothers to help in this effort!

The Building Committee is also actively planning for future improvements to the Lodge and will communicate updates during Lodge meetings. If you would like to help your Lodge with this important work, please email Bro. Chris Tilman at tilmanclan@gmail.com.

PUBLIC EDUCATION AND CITIZENSHIP AWARD 2019-2020

Did You Know...

A Mason Develops Daily

By Mike Clevenger, PM, New England Lodge No. 4

Dr. John Maxwell in his book, *The 21 Irrefutable Laws of Leadership*, describes in the Law of Process, that becoming a leader cannot be accomplished by attending an event, a seminar or workshop. A leader develops himself by the deliberate practice of leadership education.

The same holds true for Masonry. The degrees are an event and will not make you a Mason. Only by a process of study, contemplation, and practice will Masonry change you and you Become Masonry.

To develop yourself to become a Mason requires a process of practice. The Stoic philosopher Epictetus said this:

“That’s why the philosophers warn us not to be satisfied with mere learning, but to add practice and then training. For as time passes, we forget what we learned and end up doing the opposite, and hold opinions the opposite of what we should.”

Unless we use the tools and lessons of Masonry, we will forget what we learned.
