

# Immunization Requirements for the 2018 - 2019 School Year

K.A.R. 28-1-20 defines immunizations required for any individual who attends school or a childcare program operated by a school. Below are the requirements for the indicated school year. Please carefully review the requirements. The usual number of doses required are listed; however there are exceptional circumstances that could alter the number of doses a child needs. If you have questions about your child's immunization status, contact your child's primary care provider or local health department.

**Proof of receiving the required immunizations must be provided to the school prior to the student attending the first day of school.**

## Notes

- \* Varicella (chickenpox) vaccine is not required if child has had chickenpox disease **and** disease is documented by a physician signature. Without a physician signature, vaccine is required even if you believe your child has had chickenpox disease.
- \*\* Total doses needed are dependent on vaccine type and the age doses were administered.
- \*\*\* All students in grades K - 7, all new students and students currently completing the polio series must have 6 months between the last 2 doses of polio vaccine, and one dose must be after the 4th birthday.
- ~ All students in grades 7 - 12 are required to have one dose of Tdap regardless of the interval since the last dose of DTaP or Td.
