Jimmy is a sweet little guy who came to us as his owners were struggling to cope with the number of ponies they had. Jimmy has been lightly backed and has also enjoyed going for walks, taking well to seeing traffic and people.

As a loving, bright and cheeky chap who likes to learn and play with his friends, Jimmy is ready to start his ridden career as he has taken well to being backed so far. Jimmy is not a first ridden pony as he is still green, and so he is looking for a competent home to continue his education and love him as much as we do.

TEASEL

Teasel is a beautiful young boy who is very well handled and an absolute sweetheart.

Teasel was previously rescued as a frightened baby, however his old owner did lots of work with him on the ground to show him that humans aren’t that bad after all. Now, this fella is really loving and is ready to start his new life.

Teasel does have sweetitch, but this is controlled by a fly rug. Here at Hoofbeats we believe he is a really special boy who will go far in the right home.

AURORA

Aurora is a truly gorgeous mare inside and out. Unfortunately, due to a conformation deformity Aurora is unable to be ridden, and so she is seeking a forever home where she can enjoy being a companion. As a good doer who is barefoot and can live out all year round, Aurora has a fantastic temperament and loves being fussed over and would suit a home where she can be pampered. Seeming unfazed by traffic, Aurora is a relaxed mare who enjoys getting out and about and so would love to continue going for walks in her new loan home. A firm favourite here at Hoofbeats, we'd love for this mare to find a forever home to love her as much as we do. She's also very pair bonded with Henry, and we'd love for the two of them to find a home together if possible.

HENRY

Henry is a sweet natured ex racer who is looking for a quieter life in a considerate forever home. Unfortunately Henry joined the sanctuary with physiological issues which means that he can no longer be ridden. He is a gentle boy who still enjoys playing with his field friends, can live out all year round and is barefoot. Henry is extremely pair bonded with Aurora—we’d love for them to go to a home together.

One-off Loan fee: We do not require a loan fee for Henry; a donation would be very gratefully received but not essential.
